Institute Rest Room Open To All

The W.L. wish to thank all who have so kindly helped them in their work of fitting out the Rest Room, by their attending all the special event in which they have raised funds to equip the room. This room is especially for the convenience of the country ladies on Saturday afternoons and altho' there is always a sale of afternoon tea, it is not compulsory or even necessary for anyone coming in to get warm and rest, to buy tea. The ladies feel that it is rather a misunderstanding on the part of the non-members that they are not welcome unless they buy tea; it is a mistake as everyone is welcome to use the rest room.

The bridge parties continue to be enjoyable events and are fairly well patronized. On Monday evening the winners of the prizes were Mrs. R. L. Duncan and Mr. R. L. Tompler.

Big Dairy Convention

Dairymen from all over Western Canada will gather in Edmonton during the week of February 8th for the Western Canada Dairy Convention which is expected to be the largest of its kind ever held. Special exhibits are being prepared for this convention and prominent speakers will deliver addresses. Delegates will be present from the four western provinces. It is just thirty years ago that the first move was made by government authorities to assist in the establishment of the dairy industry in the west. The history of the development of the industry in that period will be one of the interesting topics of the convention.

Governor General To Visit Alberta

Vicount Willingdon, governor general, will pay a visit to Alberta in the middle of April. Arrangements are being made for his visit by governmental and city authorities in Calgary and Edmonton. The University of Alberta will confer an honorary degree upon him during his visit.

G. A. Thompson is confined to the house with an attack of flu.

News From Tees

Mr. E. F. Morris went to Edmonton on Monday to transact some business with the wholesale house and then returned to Lacombe where he took in the curling match. Miss Marie Cunningham assisted Mrs. Morris during his absence.

Most everyone around the country is sick with bad colds or flu.

Mr. Raymond Heath is putting up a garage 24x60, he will now be able to take care of all auto troubles.

Harris Bros. shipped a car of cattle to Edmonton on the 25th. George accompanied them.

Mrs. E. E. Seal and little daughter are spending the week with Haynes relatives.

D. C. Walker was at Edmonton recently attending the U. F. A. convention.

Fred Haynes is sick with a touch of pneumonia.

Miss Jessie Ross of Loughede is home on a visit with her folks.

The dance held at Carroll school under the auspices of the Embaw-Docherty-Cockrill orchestra was a complete success with Mr. Coons acting as floor manager. We all wish for many more such nights.

We were pleased to see Mr. T. Wilton once again in his place of business this week after his severe and prolonged illness.

Fanchon Suggested by Paris Creations of Lucile, a new color in Holeproof Hosiery

FOR WOMEN WHO DEMAND THE LAST WORD IN CHIC

Holeproof has sought color suggestions in Paris, in the creation of the world's famous hosiery, Lucile.

And one of the results is Fanchon, something new for evening wear, a smart alternative for the usual flesh shades for daytime wear.

Lucile, stylist to nobility could have sent so subtle a color message to the women of America. Here is the chosen shade for dinner or flesh satin slippers in lampitt hours, for black or light hid slippers, in sunlit hours.

To get such shades at this bearing the Holeproof label is to be sure of Supreme smartness.

Alberta's Tourist Highways

Alberta is to have an added attraction for tourists during the coming season, with the completion of permanent all-weather highways through the main parts of the province. The trunk highway from the International Border thru to Edmonton, will be completely gravelled during the coming year, and will be practically ready for all tourist traffic. The highway from Calgary west to Banff and from Macleod west through the Crow's Nest Pass, have also been completed for tourist travel, and this will now give road access for tourists to some of the most famous mountain scenery in the world.

Notices of Assessment Mailed

The 1927 village assessment notices made their appearance last week and the duty on which the council will sit as a Court of Revision has been set for Monday, February 28th, at 8 p. m. in the town hall.

Cal Adapts Litter of Gravelers

Mr. C. C. McDermott this week told us of a peculiar incident which happened on his farm south of town a few weeks ago. An old cat which had been hanging around his piggy stock until he bred a litter of newly-born pigs and expended her best efforts in providing for their comfort. She ate with them and at night cuddled up to them, feeding them over and endeavoring to keep them warm. But, and to relate, the day before yesterday she disappeared, whether she was decoyed by her pets or merely took French leave is not known.

Miss Maurer, music teacher wishes to announce that here after she will be at Alix on Friday of each week.

The whist party and dance at the U. F. W. A. hall Wednesday night was a very big event, there were about fifty people there and all had a good time. Miss Jessie Rose captured the ladies' prize a box of silk handkerchiefs, and Lewis Lawson won the gent's first prize.

Cheese Production Is Rapidly Increasing to Meet Strong Demand In Britain and Other Markets

It was a relief to the part of the United States Department of Agriculture to demand that cleary and honest trade relations be established between the two countries of origin. There has been a considerable international trade in horehound since the late 19th century. European countries and from South America to Canada and the United States. The demand for horehound in the United States is increasing. The demand in the United States is increasing. The demand in the United States is increasing.

The total production of turkey in Canada in 1970 was 166 million pounds, or 10.3% of the U.S. total of 1.6 billion. The average of 30.82 million pounds per bird was 10% below the U.S. average of 34.16. By 1975, 175 million pounds were the projected year-end of over twelve million birds. The growth of the product was the largest for any year back in 1957 and only a little less in 1969. The increase in 1970 which it exceeded its value by 8.1%.

There is comfort in buying the right goods at the right price.

There is comfort in trading where service to customers comes first. Our effort is to please you.

Let's Play The Game

Don't be selfish. "Live and let live" is a pretty far slogan for us to adopt in this old game of life. The fellow who plays a loan hand, never thinks or interests himself in his neighbors, may for a while profit by his selfishness but sooner or later he will fall by the roadside just as sure as we live. And, besides, hasn't it been proven time and time again that team work in any adventure, whether it be business, sports or pleasure, is bound to win the day? Certainly it has, and it will never be otherwise, because no one individual and no one industry can upset the basic principles upon which the world was founded.

Co-operation today is the best word more so than ever before. Then why not play the game fair with your local merchants? They are entitled to a fitting, the same as anyone else, and just so long as they play the game with you, give you a fair price, service and quality goods, it is an obligation upon you to return to them.

Make your slogan this year "My Community First" and you will be rewarded far greater in the end than you will be by the continued patronage of outside concerns. All your home town merchants ask is an opportunity to serve you. Will you give them this chance?

Keeping Them Guessing

What the Wheat Pool is doing or is not doing is the overwhelming factor on the Winnipeg Exchange.

In spite of a malicious "underground" campaign of disparagement, the Pool is a real power in the grain business of Canada and the world.

The Trade is unable to complete big deals without taking the wheat pool into consideration, and every move the Pool makes is watched closely.

The rumor that the Pool had hurriedly shipped a million bushels from the lake head to the seaboard caused a furor on the Winnipeg Exchange and all sorts of reports were spread.

The Pool salesmen, however, know their business and generally keep the trade guessing.

Ain't It The Truth?

Women's clothes are so funny, they are almost as funny as the men's.

The men seldom turn over a new leaf until the old one is all mended.

Let us be thankful that all the girls chewing gum are not chewing tobacco.

The millions of germs on money and in kisses never make a man refuse either.

Closed autos are the most popular in winter, with closed mouths are popular the year around.

The reformer should be as patient with us; after all, the world's wickedness keeps him in a job.

And we should be thankful shoes are not like auto tires so we would have to sit down when we got a hole in them.

New auto licenses
New hats, dresses, coats, shoes and bloomers for men and the girls.

New socks, patents, ties, suits and straw lids for the girls.

Income taxes, gasoline and tax.
Bug betting and mosquito plagues.

SPRING!
She's coming, let's be joyful.

—M.A.
Joyful, h—, let's have the "fun" and forget approaching troubles.—M.A.

Mistress—How is it, Jane, that when you entertain your young man in the kitchen we don't hear a sound?

Jane—Well, you see, we are he's so bashful that for the present he does nothing but eat.

A quiet wedding was solemnized on Sunday evening last when two of our well known residents, Mr. E. (Dad) Mason and Mrs. S. Webster, were united in wedlock by Rev. Wood of the Union church. We join in wishing this worthy couple much happiness.

Dr. and Mrs. Sutherland and Kathleen were Edmonton visitors a couple of days this week.

Attendance last Sunday was 37 children and 6 adults. We understand that Mr. R. Vanderburg, who sold his farm office this week by public auction, leaves in a few days for his old home in Belgium.

Putting up for in money in order, we understand that the necessary is putting up almost double the amount of last year.

Don't miss the dance tonight.

There is a new portion and an advertising portion in your home paper; and you are getting the full benefit unless you are reading them both.

Items of interest will be thoughtfully received at The Free Press Office.

When the new wheat pool contracts are sent out, a coarse grain contract will also be distributed. If there is sufficient response a coarse grain pool will be formed, to be operated in connection with the Alberta wheat pool. The signer of a coarse grain contract must also sign the wheat contract.

A man is really come queue in the world and to his own community when it is known that he can be implicitly relied upon. Often have we known men to be preferred for positions of honor and profit because they have held this reputation when he said he knew.

Prince Rupert As A Grain Port

It will be of interest to Alberta people to know that four million bushels of wheat have been shipped from Prince Rupert by the Wheat Pool from the 1926 crop.

Prince Rupert has practically been "made" as a grain port by the operations of the Pool. When the Pool took over the Government terminal there never had been any grain shipped from that port.

It was contended that the Pool would lose because of the difference in the ocean rates between Vancouver and Prince Rupert.

Now the ocean freight differential has been eliminated and wheat goes to Europe just as cheaply through Prince Rupert as through Vancouver.

The Wheat Pool has been successful in its operations at Prince Rupert despite abundant forecasts of failure.

Large Dairy Convention

There has just been concluded in Edmonton the largest dairy convention in the history of the west, being the gathering of the Western Canada Dairy Association, with several hundred delegates in attendance. Since it is thirty years since dairying activity was commenced in the province, it was emphasized at the convention that Alberta production of creamy butter has in less than that time increased from a few hundred thousand pounds to more than twenty million pounds.

Increase in Exports

An increase of \$10,000 in the value of exports from Alberta to the U. S. during 1919 was indicated in the report of S. C. Best, American Consul for Alberta, to his government at Washington.

Legislature Opens

The Sixth Legislature of Alberta opened its first session at Edmonton on Thursday afternoon. Mr. G. John was elected Speaker of the Assembly, and the address from the throne was delivered by Lieutenant Governor Egbert. The speech called attention to Alberta's winning in agricultural exhibits abroad.

ANNUAL MEETING MUNICIPAL DISTRICT OF LAMERTON

The annual meeting of the electors and nomination meeting of Lamerton Municipal District No. 396 was held in the library building, Mirror, on February 19th.

The meeting was called to order at 1.30 p. m. by Returning Officer Martin.

Moved by Philip Neis, seconded by A. M. Crowe and carried that Mr. R. C. Sherburne be chairman of meeting.

The Auditor's Financial Statement and Annual Returns were read by the acting secretary and adopted on motion of Geo. Webb seconded by G. W. Bell.

Moved by G. W. Bell, seconded by Philip Neis and carried that in future the auditors be requested to include in the annual statement the standing of the appropriations for each division.

At 3 p. m. the returning officer called for nominations for councillors to represent Divisions 1, 5 and 6.

The following nominations were received:

Division 1—C. A. Cockrail (councillor 1926)

Division 5—H. E. Crowe (councillor 1926)

Division 6—H. E. Stevenson

At 4 p. m. no further nominations having been received Returning Officer Martin declared these three nominees elected by acclamation.

The only change on the 1927 board was the election of Mr. Stevenson to succeed Mr. D. M. Jewell who had resigned on moving to Calgary.

The meeting adjourned at 4.5 p. m. on motion of G. W. Bell, seconded by Victor Goodwin.

W. L. Pettit, Acting Secretary

WILL YOU CO-OPERATE IN BRINGING IN SETTLERS?

The Colonization Board of Alix and Mirror, comprising the following officers has been established to serve this district: President, B. C. Andrews, Alix; Vice-President, J. F. Flewelling, Mirror; Secretary, C. W. Pemberton, Mirror; Asst. Secretary, W. L. Pettit, Alix; Executive, D. M. Jewell, F. McDonald, J. W. Trotter, Mirror; J. R. Mackie, B. Crulshank, I. Sweet, N. A. Larson, Alix.

The board is vitally interested in the filling up of our district with suitable settlers; but without the co-operation of the farmers in the district, the efforts of the board will be futile. It is to the advantage of each and every one of us in the district to endorse the move and assist in every way possible to make it a success.

How are we going to do this?

There is hardly any one of us that has not friends or relatives in other countries that would only be too glad to come to Canada and create permanent homes. Give their names to the Board, or better still, in case you can employ them yourself, complete nomination papers for their entry into Canada, but in any case get in touch with the Board and obtain particulars of how to bring them out.

The greatest way in which we can assist in this work is through the farm-help service rendered by the board. Through this service you may secure an experienced farmer.

and when, in the course of one to four years, will establish homes of their own and become permanent settlers—true they may not settle in your district; but then again it is only natural that they should settle in a district where they have found new friends and acquaintances and have become, to a certain extent, familiar with the district in which they have been working.

Hunt While Felling Trees

While felling timber in the woods on Tuesday, Gordon Hett had the misfortune to have his right arm badly cut just below the elbow. He was shoring on a tree to guide its fall when the axe in the hands of his companion glanced off and caught Gordon's arm, severing several small arteries which required stitching up by the doctor.

Bees A'Duzzin' Round

Mr. P. Jamieson informs us that on the 5th of this month the bees from his colony had emerged from their hive and were flying around, this being four days late than last year. It appeared for a few days as though they had made a mistake, but perhaps not. It is wonderful how quickly life responds to an Alberta sun.

Farmer Comes First

That Alix farmer who won the world prize in wheat was a more useful advertisement to Canada than the hero of the Catalina Channel. And he didn't get his mother's and Aunt Bella's names in the dailies either.—Chesley (Ont.) Interprie.

Thanks Mr. Editor for the admission that Alberta is good for something. It is not often that Ontario will admit that. But it would be a far larger advt. (something like a full page beside a two line reader) if you would show the world that Canada is really independent from a fuel point of view, by using coal mined in Alberta.

The easy way to become independent is to make others dependent on you.

Cow Testing Association

The Dominion Live Stock Branch of the Department of Agriculture have offered their services to the dairy farmers of the Alix District to start and carry on a Cow Testing Association if a sufficient number of farmers come forward to form the Association.

The Department will provide, inter alia, a competent inspector to check the weights of milk credited to each cow, to test all samples for percentage of butterfat, to provide to each individual member an opportunity for full discussion with the inspector of any questions relating to feeding or general herd management, to make a return at the end of each year to each individual owner of the total amount of milk and of butterfat credited to each cow. Mr. N. A. Larsen, manager of the Meadow Creamery, having the keenest interest in the welfare of the dairy farmers in the district, has offered free to the association room and facilities for the inspector to test the milk, and will give every support to further the association.

The benefits derived from a Cow Testing Association are many and the principal one is to put the dairy branch of the members' business on a sound paying basis.

There is no membership fee and practically the only expense to members is personal to their own herd. Will all farmers who will be willing to give their support to the forming of such an association and hear a representative from the Department of Agriculture explain the project in full detail, kindly send in their names to the undersigned who has been requested to bring the matter before their notice at this time.

Did you ever stop to realize, folks, that when you send a dollar on its way out of your community it is gone forever and can in no way help your community? Of course you did not think of it—the same with lots of others. On the other hand, when the dollar is spent at home, it

For other nations, the initial question is not *where* the money is spent, but *how* it is spent. And that good effect is found to have a reaction that will benefit you as well as your neighbors. It is a simple bit of common sense to say that if you don't want to mention it at all—by truth seems to be so evident. Yet it is necessary, for we all know that altogether too many of our dollars go out of the community for things we can buy for ourselves. If you are a member of a community, and if you let us know that you are, we will be glad to let you have a look at the inside of his parcel department, you will see parcels piled high from mailorder houses and thousands of miles away. They are sent away out of your community, and they are sent away out of your community for their parcel: sent to concerns who have no personal interest in your community, who do not pay one cent of taxes, who do not support the schools, who do not support or help keep up schools, churches, or contribute to the upkeep of roads, etc. If your whole community went to work tomorrow it wouldn't matter to them.

Survive to address, folks, you can see the writing on the wall if you continue this practice. Then why not do the right thing by your hometown merchants. Give them every chance to figure on your requirements, whether it be for one piece of merchandise or a carload. Work for your own community and by so doing you are working for your own benefit. Make your slogan "MY COMMUNITY FIRST" and then you will be steering in the sure direction of success.

Alix Agricultural Society To Hold Sports Day July 1st and 2nd

The annual meeting of the Alix Agricultural Society was held on Saturday afternoon of last week, being called to order at 2.45 p. m. by lat vice-president, C. Cookrall.

The minutes of the last annual meeting and the financial report were read and adopted.

Mr. E. B. Williamson, who was elected president of the society at the December meeting in 1921, and has so capably filled that office ever since, decided to retire and a vote of thanks was unanimously tendered him together with regrets at his withdrawal.

The election of officers resulted as follows:

President—A. G. Ditto
1st Vice-President—J. W. Ennis
2nd Vice-President—Mrs. W. L. Pettit

Thirty-five directors were appointed for the men's classes and seventeen ladies for their departments.

The meeting was then adjourned and a directors' meeting opened with the new president in the chair.

The various directors were then assigned to the different classes.

On a motion by J. W. Ennis, seconded by W. C. H. Parley, it was decided to hold a sports day on July 1st and 2nd, and a committee was appointed to make all arrangements. The reason for not setting the date is to find out which day mirror will take least conflict.

The meeting adjourned at 4.15.

Wendy Seed Out For Alix

The car of seed oats being shipped into Alix district by the Alberta Pacific Elevator comes from Wembley, the district to which the World's Championship went in 1926. Our farmers are indeed lucky to be able to procure these oats and as the supply is limited you should get your order in early.

The manager A. S. Bisset, is anxious to have them taken direct from the car and thus save the expense of putting them through the elevator. The car will arrive in about ten days, so phone in your reservations.

Exports of Live Stock

Exports of live stock from Alberta for the year 1935, show a considerable increase over those of 1934, according to the following figures:

Exports of Live Stock	1934	1935

Horses	100,000	120,000
Sheep	500,000	600,000

Goats	10,000	12,000
Other	10,000	12,000
Total	1,720,000	2,054,000

The above, which has a great effect on the economy of the province, is an advance over the figures for the year 1934, and is calculated to show a great increase in the province's exports of live stock.

A large amount will be a great asset to the province.

The Old Home Town

For many years I'd settled down. Nor cared to leave the Old Home Town Who would, when friends are kind and true And always help a fellow through.

They'd boom for hockey, boom for ball, A dance and they would crowd the hall. Such friends as these your troubles drown, They're a credit to the Old Home Town.

But I've left the town, and my career Shall for a time be in Red Deer; Not a bad little place I will admit For a fellow like me to take his bit.

Now since I've had my little room I think of that old song "Home Sweet Home"; And talking of other towns, as six, Just put me back in Old Alix.—Jack Peters.

A General Shake-Up

When the Women's Institute purchased a permanent home, namely the building next door to the Royal Bank, they caused a regular shake-up on main street. L. Chinn, who occupies the building, will move into the rooms over Thompson's Hardware at present occupied by the tailor who in turn will transfer his business to the building being vacated by the Institute.

This is a good move on the part of the ladies and although their new premises will not be as large as those they vacated, still the building will be their own and they can enlarge it later on.

The Night Settles in The Night Watch

The Colonization Board (ALIX and MERRON) having in mind the future development of our district, and the promotion of lines of industry best suited to our locality, are arranging for the importation of settlers who will in time permit, they hope, of the establishment of sugar manufacturing here. Already four families of the type raising beets for the Raymond factory, are being for here and are due to arrive this spring. No where in the Province can they raise root superior to those harvested each year in our neighborhood and the irrigation expense connected with this crop in the south country is eliminated here. The organization has already placed a number of men with our farmers and the reports confirm the statement that desirable settlers only will be brought out. C. W. Pemberton of Mirror is the secretary and W. L. Palmer of Alix is the assistant secretary and if you will require help it will help along the good work if you apply to them.

Play Notes

[TO LATE FOR LAST WEEK]

Upon invitation a number of school chums and young friends of Ward Barrett gathered at his home on Friday evening where a most enjoyable evening was spent in cards, games and music. At 12 o'clock Mrs. Barrett served a delicious and dainty luncheon after which games and music were again resumed till the early hours of morning, when the young people departed for their homes, having enjoyed one of the most delightful times of the season, all vowing Mr. and Mrs. Barrett ideal entertainers.

Councillor and Mrs. Stevenson were the guests of Mr. and Mrs. L. B. Olson the other part of the week. Mrs. Archie Carr was a week and visitor in Lacombe. Mr. and Mrs. Ryland Wiegner of Delburne visited at the Bell home last week.

Mr. and Mrs. Harold Holmes have moved into their new home.

On Monday evening, the 21st, a large number of friends gathered at the home of Mr. and Mrs. L. S. Olson for a happy arranged surprise party in honor of their daughter Edna, who was celebrating her twenty-first birthday. What was in order till twelve o'clock, the honors going to Mr. Geo. Burt, Stanley Ryper, Miss Nellie Carr and Belmer Sorum securing the booty and Harold Stevenson the mystery prize. Lunch was then served by the ladies. The remainder of the evening was spent in music and social chat. Among the large number of gifts was a beautiful white wrist watch and other chest, slight touches of the esteem in which the young lady is held. We join with Miss Olson's many friends in wishing her many happy returns.

APRIL THE FIRST.

Oscar Sundberg has rented the Anderson farm onto which he will move as soon as Cliff vacates.

The regular monthly meeting of the Pioneer Teachers Association will be held at the school house on Wednesday, APRIL 2TH, at 3.30 p.m.

Born—at Vermilion on March 6th, to Mr. and Mrs. W. Redman Brown (nee Olive Mann) a son Harold William. H. J. Sault, night specialist, will be at The Imperial Hotel, Alix, Wednesday, April 2TH, and every third Wednesday of the month thereafter.

The Sunday School lesson for next Sunday will be found in Mark 1: 14-18, 29-31. Golden Text: "Come ye after me and I will make you to become fishers of men."—Mark 1: 17.

Attendance last Sunday was 50 children and 6 adults. Regular meeting of the Women's Institute to be held on Thursday, APRIL 7TH, at 3 p.m. in the rest room to which visitors are cordially welcome.

The summer schedule went into effect at our school on Tuesday morning, with the 9 o'clock commencement. We are sorry to report that Mrs. P. C. Toepfer is very ill at her home with scarlet fever.

The regular monthly meeting of the village council will be held next Monday evening at 8 o'clock.

The W. L. novelty dance on Friday evening of last week was given with a crowded floor and was the most "peppy" dance of the season. The music was loud and there was an abundance of acts, while Earl Coos made an ideal floor manager. The snow ball fight and balloon dance were a great success. Deducting expenses, the ladies cleared a little better than \$71.00, and they wish to thank the public in general for their splendid patronage.

Mr. Epworth, who has been in business here for only a month, has sold out his barber business to Mr. Alex. Beyroun of Lacombe, who moved his family in and took over the business this week. Mr. and Mrs. Epworth have gone to live in Edmonton.

"Bill" Patrick, who has been in business in Alix for the past thirteen years, and who recently sold out his pool room and barber business to W. J. Brown, has gone to take a position at Carleton Place. The family will continue to reside here for a time. We'll miss you Bill but have a wishing you all kinds of good luck.

Mr. W. A. Hallett has moved his family to our district from Craignyle and located on the George Wilson farm north-west of town.

Don't miss Cliff Anderson's auction sale on Monday.

Mrs. L'Hocade has been cautioned to bed the past week with a severe attack of pneumonia.

The man whose net getting out of his job is a mistake and the quicker he makes a change the better for the boss and all concerned. The past few days has made a wonderful difference in the quantity of snow, but the sooner it disappears the better. Don't worry, remember Alix played hockey in April last year.

The next sitting of the Municipal Council will be on Saturday, APRIL 9TH.

ALUMINIUM

Aluminium is a metal that has long been known; it is the best material for making household utensils; it is light, durable, sanitary and attractive in appearance. It has only recently come into use because the cost of smelting was so high that there was no profit in its production till some fellow at Niagara Falls piled up a mound of clay and stuck an electric wire into it and melted it down. Now the house keepers can have good clean, light, heavy aluminium tools to work with. Of course if there was no financial profit, nothing could be done and people would have had to get along without it. A Powerful Thing is Profit.

Give That Word of Encouragement

It is realized today that the farmers of Western Canada do not do much for the agricultural development of their country through immigration than any other factor. Various agencies exist for the securing of the new citizen and bringing him to the country. It is only the people of the community to which he comes that can ensure that his feet are firmly planted there; that he develops contentedly and remains. A cordial reception goes a long way in effective transportation. Intelligent teaching by established farmers develops the new settler into a possible farmer. Part treatment in employment makes it reasonably sure he will remain in the district. Assistance in establishment turns him into a producer in the community into which he was introduced. Encouragement in his early efforts will hasten his progress to independence where he is the community's and the country's best asset.

The Colonization Board (ALIX & MURKIN) have placed twelve newcomers in the district during the past week, two from Norway, four from Denmark and the balance from Holland. They were all fine looking fellows and we believe will quickly adapt themselves to the country.

Highway Expenditure

Alberta will spend \$2,400,000 on highways and bridges the coming year, according to a statement made by Hon. O. L. McPherson, minister of public works. This will include \$1,000,000 on main highways, \$650,000 on market roads, the balance being on maintenance, and on construction and maintenance of bridges.

1926 Motor Licenses

The total of motor licenses issued during 1926 was 64,129, with 646 ferry licenses, a total increase of more than 11,000 over 1925. In the six cities, 20,292 were registered. The total revenue under the motor vehicle act last year was \$1,153,235.85 compared with \$954,411.85 the year previous. The gasoline tax brought \$423,777.96.

Incorporation of Companies

A total of 323 companies were incorporated or registered during 1926, with a total capitalization of \$4,710,000.

The total cost production in the province for 1926 was 5,608,908 tons and there was a total of 341 mines in operation during the year with 8,723 men.

Miss Margaret Kraft, who has spent the winter with her parents in B. C., returned to ALX on Monday.

The debate on the question "Resolved that the Wheat Pool is a good thing for the farmer" at the U. F. A. hall on Saturday last, was listened to by an overcrowded house and proved interesting throughout. Young blood, though championing the negative, was given the decision which was awarded on points of delivery and argument. Fred Stone and Arthur Keeto for the negative and U. G. Marzari and Mabel Smith for the affirmative.

H. J. Best, night supervisor, will be at The Imperial Hotel, ALX, Wednesday, April 20th, and every third Wednesday of the month thereafter.

The Sunday School lesson for next Sunday will be found in Matthew 14: 22-34. Golden Text—"Be of good cheer: it is I, be not afraid."—Matthew 14: 27.

Attendance last Sunday was 41 children and 6 adults.

At the bridge party on Thursday evening of last week Mrs. A. Foster was winner of the ladies prize and Chris. Sorenson was the winner of the gent's award.

A sale of aprons and home cooking by St. Paul's Guild will be held in the new W. I. room on Saturday, April 15th. The sale will be served during the afternoon.

W. C. Bloxham has installed a dipping tank at his harness shop for oiling harness.

One week from today is "Good Friday" and The Free Press will appear a day earlier.

Arrangements have been made for holding a "Community Sale" on the 23rd of this month (Saturday). If you desire to enter any articles send us your list at once.

The concert under the auspices of the Ladies Aid of the Union Church on Tuesday evening drew a large house and the people were not disappointed in the evening's entertainment. The two plays were a scream throughout and great credit is due the participants. The musical selection by the orchestra were well rendered while the solos by Mrs. Brooker, Miss Roland and L. Chane were delightful and the monologue by Mrs. Smith was in the professional class. It was a most enjoyable evening and the Aid is well pleased with the result.

This Week's Tees Findings

Mrs. F. H. Heath, who has been visiting relatives at Soquel, Cal., Wash., the past three months, arrived home Thursday and she is looking much better for the outing.

The whist party and pie supper held by the U. F. A. Wednesday evening was well attended and everyone enjoyed themselves immensely. The pies sold for \$1 to \$5 and netted the U. F. A. about \$40. The dance afterwards lasted till the small hours. Fred Hoffman secured the gent's first prize and Mrs. F. Heath the ladies' first. F. S. Heath and Miss Lucy Schuchman concluded in roping the boob prizes.

Mr. and Mrs. Wm. Withcill returned from a month's visit to Vancouver Tuesday.

Mr. and Mrs. Fred Hansen invited Mr. and Mrs. Albert to dinner on Sunday and Fred drove him with the sleigh and took them all out. They had a lovely dinner and spent the day visiting, taking snap shots, climbing windmills and sliding on the ice on the pond near the house. The chicken and peas tasted just like new out of the garden and the children said the pie tasted like more.

Mrs. Helena Craig, who was in her 92nd year, passed away Sunday night at 11 o'clock, cancer being the direct cause of her death; her sons Albert Craig, who is in the four mill business at Superior, Wis., and Rev. Geelen Craig of Montreal arrived last week. Miss Charlotte Bellhouse, R. N., attended her during her last illness.

Mr. F. E. Hoffman, who has been up to Edmonton to have doctors look after him, came back Saturday feeling much better.

Mrs. Bellhouse spent the week end visiting in Edmonton.

The strong wind and hot sun of the past few days is putting to flight the last of our snow and indications are that another ten days will see the farmer on the land.

Former Mix Girl Weds in C.

The marriage of Mary J. Brinda, daughter of Mr. and Mrs. James Brinda of Chilliwick, to Mr. James Hallam Ward of Vancouver, B. C., took place at 11 o'clock on Wednesday morning, April 6, at St. Thomas' church, Rev. M. W. Holdom officiating.

The bride, given in marriage by her father, was charming in pale crepe de chene, her delicate veil of ivory lace being one worn by her grandmother at the time of her wedding. A lovely bouquet of roses and lily of the valley completed the ensemble. Miss Sara Brinda, the bride's sister, as bridesmaid, wore a becoming frock of blonde flat crepe with picture hat to match and carried a bouquet of pink carnations. Victor Ward supported his brother. Carl Grossman presided at the organ.

The wedding breakfast was held at the home of the bride's parents, the tables being effectively decorated with daisies and greenery. The bride's table was centered with the three tier wedding cake. The toast to bride and groom was proposed by Rev. Holdom and the toast to Mr. and Mrs. Brinda, it being the thirtieth anniversary of their wedding day, was responded to by Mr. Brinda.

The happy couple left for Vancouver en route for California and on their return will reside in Vancouver.

Swimming Accident Near Ponoka

A drowning accident took place west of Ponoka last Sunday afternoon when Mr. Morris Spiegelsiere lost his life. He and his brother were returning home on horseback when they were swept away in the creek, the bridge having gone out after their going over it earlier in the day. The body was not recovered until Tuesday. Deceased was a young man of 24 and leaves a wife and three children. He was a cousin of Mrs. V. Goddard who went up to the funeral. The brother had a narrow escape, being dragged to shore by his horse's foot becoming fast in the stirrup when he was thrown into the water, the other horse was drowned.

An April Wedding

A quiet wedding took place in Lacombe at 10.30 a. m. on Wednesday of this week when Edna, daughter of Mr. and Mrs. F. A. Strub, was united to Mr. Carl Karp of Detroit, by Rev. R. B. Layton of the Union Church. The happy couple returned by the afternoon train to Alix and the wedding dinner was served at the home of the bride's sister, Miss Irene Strub. They left on Thursday for Delburne where the groom has purchased a farm.

Proposed Pulp Mill on Nelson River

Diversified Farming

Good returns are offered to those growers in Southern Alberta who have been seeking better outlets for their surplus crops.

Alberta Farmers Getting Away From
Straight Wheat Growing
Alberta, formerly almost 100 per
cent, straight wheat farming country,
has changed radically in this respect
according to Albert Wynn, and although

the wheat land in the province in 1935 was 112,000,000 bushels, this represented only 41 per cent. of the value of the agricultural production, which totalled over \$100,000,000. According to the history of Alberta, our crops are climbing rapidly in percentage table of values, being now 81 per cent., while dairy products are now 84 per cent.

The enormous increase in the value of the herds of 8,000 to 15,000 head

of 801 an acre for the head. In addition, the farmer receives his returns from the stock in the form of milk, which is sold at 12 cents to the same value as one cutting of alfalfa hay in the field year. His hay, in addition, the balance of his crop remaining after the sugar has been sold, which makes a wonderful stock feed.

It is under no duress responsibility that it is in the hands of the world.

One of the oldest inhabitants of this part of Alberta passed away on Monday evening April 16th, in the person of Mr. Norman H. Crink. He was a native of Monticello County, Quebec, where he was born of American parents in 1825, his life taking in the reign of four sovereigns, William IV, Queen Victoria, King Edward and King George. An interesting event of her life took place

when at 16 years of age in 1841 she took a trip by rail, boat and stage via Lake Champlain, Erie Canal, Lake Erie, and the State of Indiana, to Toronto, Ontario, where for two years she visited the home of an uncle and aunt. During this time she visited Calgary, then a mere hamlet, with few inhabitants, an outpost of American civilization and was also an interested spectator of the Mormon emigration to Utah from Illinois, and also of those stirring events under the leadership of Lemuel and Douglas, resulting a little later in the Civil War and the abolition of slavery.

Her married life, which began in 1846, was spent at her birthplace until 1868 when the family came to Alberta, settling at Two Rivers where her part in the experiences of Alberta pioneering. Mrs. Crink made a unique contribution to the life and well being of the two communities in which her life was spent, being beloved by all who knew her, including good citizens on all sides, her wholesome Christian character winning the respect and good will of young and old.

She died, five days and an adjustment are left to mourners, Mrs. Elmer Gale of Bayview, Ontario.

Cappy Hicks Well Presented

The presentation by local talent of "Cappy Hicks" in the Vet's Hall on Tuesday and Wednesday nights was greeted by two good houses and was well received. The production was a very heavy one, occupying a full three hours. The fact that it was an entirely local cast was an additional attraction and the reception was evidenced by unqualified applause. Knowing the personnel, as you do, it is unnecessary for us to differentiate, suffice to say that the parts were taken well and showed much practice and ability. There was enough humor to keep the audience loyal to the high pitch and sufficient drama to touch the opposite feeling. We trust to receive a like treat in the not distant future.

We would like to compliment the orchestra, it being the first occasion on which this new combination has appeared in public. Their music was peppy, and each of the four musicians demonstrated efficiency on the instruments handed.

The Bullivant Orchestra in their usual good style furnished the music for the dance after the show the second night.

DANCE One week from today

We have now a second orchestra to fill the requirements of the dancing public. "THE BIG 4" comprising: Mrs. G. A. Thompson, piano; A. Byrnam, violin; C. S. Andrews, saxophone, and F. Blecker on the drums and traps. They have been engaged to play for a dance in the Vet's Hall, Alix, on Friday, May 6th.

Local Happenings

The community sale last Saturday drew a large crowd and everything sold well.

Mr. and Mrs. Geo. Davies and four children arrived on Wednesday direct from England and have gone to locate on a farm near Tees.

There were six beginners, little tots starting on the first rung of the education ladder, when school opened after Easter, but notice is given that after Monday next May 2nd, no more beginners will be taken until after the midsummer holidays.

Mrs. J. W. Scott of Edmonton is at present visiting at the home of her daughter, Mrs. P. C. Toepfer.

Nurse Maple left Tuesday to take charge of a patient in Bushaw.

A special gang on the C. N. R. are putting in cement supports on the signal line at the tower, replacing the temporary work deposited last at the time the new switch was installed.

Notice to Dog Owners

Dog owners are reminded that the period for paying license expires May 1st, after which all unlicensed dogs will be destroyed.

in connection with the theory of dress. This conclusion was considered as feasible in a certain time which, when considered over periods of time, acts as the a vigorous life. It has also been proved that the human mind was a natural association between the different of plant and animal life on the planet and Europe and Africa.

Village Council Have Busy Session

The regular monthly meeting of the village council on Monday evening was a busy one and the council chamber was well filled with citizens.

The minutes of the last regular meeting were read and adopted.

The amount of \$88.45 for re-planking the bridge on the road north of town was referred to the council as a whole to confer with the municipal council.

Two ladies, representing the Women's Institute, waited on the board requesting exemption from taxation on the grounds that their building was a public institution. After consideration, the council decided to refund the 1927 taxes and take the matter up with the Department to find out if they had the power to exempt them permanently.

N. A. Larsen made application for the purchase of the lots in front of his place of business now occupied by the rink, pointing out a suitable location south of the grocery and offering to supply water for flooding if the change was made. The board left the matter in abeyance until an investigation could be made.

W. L. Pettit appeared on behalf of the school board suggesting that the town co-operate with them in preparing the ground this year on both sides of the school and town property for planting trees next year. This improvement will be done.

Discussion of a half holiday for 1937 resulted in the council endorsing the application, same to be effective during June and July on every Wednesday.

Clean-up day was set for May 9th and a time limit for doing same set for each week later, May 16th.

A number of accounts were passed for payment.

Fourth Annual School Field Day

At a meeting of the executive of the Alix Junior Athletic Association on Friday evening of last week, Saturday, May 28th was selected as the date for holding the Fourth Annual School Sports Day. This is an event which is proving more popular each year and one eagerly looked forward to by the school children. The schools in the district, as well as adjacent towns, have always sent in teams to participate in the various events and so far the prizes have been well divided.

Test books and programs will be mailed to the different schools as soon as they arrive. Next week we will publish a full program.

An Enjoyable Birthday Party

The home of Mr. and Mrs.

was the scene of a happy
gathering on Tuesday evening
when some sixteen young
people upon invitation gathered
for a surprise on Leo
and Leona Olson, the occasion
being their sixteenth
birthday. Cards were in
order until the clock when
a delightful luncheon was
served by the hosts, after
which music and dancing oc-

Leo and Leona many happy

feeling they had enjoyed
one more of the many happy

Alberta Wheat Pool Notes

The oldest member of the
Alberta Wheat Pool, for as
can be ascertained, is W.
K. Wilkie of Lacombe. He
is eighty-one years old and is
starting out to seed more
than one hundred acres this
spring.

The second series of wheat
pool contracts have been issued.
The first man to sign
one of these new contracts
was J. E. Gustus who farms
1500 acres in the Calgary dis-
trict. Mr. Gustus also signed
the first contract ever issued
by the Alberta Pool and is
thus the first man in Canada
to sign a Wheat Pool Contract.

W. J. Jackson, wheat pool
director for the Edmonton
district, will address a series
of meetings along the Cana-
dian National Railway in B.
C. Many wheat farmers there
are anxious to join the pool.
The new contract provides
for their admission.

In reply to a complaint from
the Scottish Baking Society
that the Canadian Wheat
Pool are unduly holding up
the price of wheat in the face
of a world-wide surplus, Pool
officials contend the cost to
the producer wheat should
have some consideration, also
that wheat varied 80c a bushel
from the Winnipeg and other

1925 without any wholesale
price of bread in Winnipeg
being affected whatsoever.

The farmers in all parts of
our district are busy this week
sowing wheat. Owing to the
late spring seeding is a little
late but no doubt the plentiful
supply of moisture will
make up for lost time and we
look forward to a very heavy
crop next year.

M. D. council meeting tomorrow (Saturday).
Mrs. Fleming D. G. P., of Ponoka paid an official visit to Sister Rebekah Lodge, Alix, on Monday evening last. She was accompanied by Mrs. Bowler, also of Ponoka.

A change in the passenger service on the C. P. R. will go into effect on the 16th, the west bound going 20 minutes later 8.37 a. m., and east bound an hour and fifteen minutes later 3.17 p. m.

H. J. Seel, night specialist, will be at The Imperial Hotel, Alix, Wednesday, May 16th, and every third Wednesday of the month thereafter.

The Sunday School lesson for next Sunday will be found in Acts 12:14, 32-41. Golden Text—"Repeat, and be baptised every one of you in the name of Jesus Christ for the remission of sins; and ye shall receive the gift of the Holy Ghost."—Acts 3:38.

Attendance last Sunday was 2 children and 5 adults.

Miss Rignold of Edmonton was a guest while in town from Monday until Wednesday of Mrs. C. M. Varwood. On Monday afternoon she gave a very instructive illustrated lecture on "Social Hygiene for Women" to a well filled hall.

Last week Mrs. A. Boynton and babe, who have been visiting in Edmonton, joined Mr. Boynton here.

A letter this week from Dr. and Mrs. J. S. Sutherland gives their address as Holyburn P. O., West Vancouver.

The dance on Friday last of which was most enjoyable and the programme of a good house and we have yet to hear anything but praise for "The Snappy Four" orchestra who appeared for the first time in public, and we understand are now open for engagements. Alix is surely favored in having two orchestras to choose from whenever they wish their services.

At the draw last Saturday to decide the winners of the quilt and cushion on which the Ladies' Aid had been selling tickets, Mrs. D. Puffer carried home the cushion while the quilt is still undrawn, the holder of ticket No. 43 being the winner.

After a visit of a couple of weeks with her daughter here, Mrs. J. W. Scott returned to her home in Edmonton on Monday last.

Monday next is the last day of grace for cleaning up your premises, after that date the town will do it and assess the costs against the property.

Undoubtedly personal liberty is a good thing, but we don't like to ride with a driver who is full of it.

PROFIT

A man with brains saw a shoemaker working at his trade; closely observing he saw the shoemaker was making footwear for the family of a farmer out of leather the farmer had produced. He saw that if he could control the tools and material he could profit financially. I will buy the shoe maker's tools—I will buy the farmer's leather—I will have a factory—My men will make shoes for me—Good business, I will get rich from other men's labor. Tools work, vice men get the profit. What a wonderful thing is PROFIT!

Would You Kill The Hawk?

No farmer would stand for seeing his fattest pullets or five stock swept off by some large bird of prey. He would

specify take action against the intruder in order to protect his own interests. But curiously enough, the same farmer and others resort to the catalogue of the mail-order house or patronize an itinerant peddler when in need of supplies.

Those who do this to the exclusion of patronizing home town merchants are letting the hawk of the out-of-town buying carry off treasures which belong at home.

True, the human being, need proper care, attention and support in order to thrive. The people in them and the community dwellers must promote the business and social life of the community and patronize local enterprises.

Without stores, schools, churches, risks, newspapers, etc., there can be no town. With support and patronage Alix will continue to prosper and grow. They are the nourishment which it needs in order to develop into a bigger and better town.

Why not at least be fair in this matter and give your merchants a chance to serve you? Bring your mail-order ammunition along with you, if you think it necessary; but don't totally ignore your home town merchants and send away for your supplies without first giving them an equal chance to serve you. That is all they ask for, and surely to goodness they should be entitled to this request especially when they are not asking you to show them any special favor.

"That's new one on me," said the monkey as he scratched his back.

We direct your attention to their ad. in this issue. Ask for "Sun-Alta".

PROFIT!

Two men met on the road. You look familiar to me, said one; I ought to know you, said the other. My name is Mr. Producer, I control the land and tools to work it; and my name is Mr. Distributor, I control all the machinery for distributing your produce. Have appeared as Mr. other man and joined in the conversation. I am, Mr. Producer, I control all that you both think you own, while say my help you can do something. What a wonderful thing is PROFIT!

Ratius—Yes, yes, yes, yes.
Lawyer—You say you saw the man shot somewhere between the devil and the deep blue sea, did you?
Ratius—No, yes, yes, I never said no such thing, I said that I saw the man shot between the bog pen and the chicken coop.

Following a number of conferences at different points in the province attended by officials of the department, municipal councils and farmers, the sixteen field supervisors will take up their duties and co-operate with farmers and municipal officials in the eradication and control of the weeds which every year reduce the amount and quality of grain yields.

Two Lads Drown In
Slough North of River

A double drowning accident took place north of Iowa on Sunday last when two promising young lads, Billy, eleven year old son of Mr. and Mrs. F. Downsell, and Euan, seven year old son of Mr. and Mrs. R. Wiggins, met death in a slough near the Downsell residence. The boys were alone at the time, and Mrs. Downsell was going out for dinner, and it is supposed they went out for a ride in a canvas boat which upset and plunged them into seven feet of water. The lads not showing up in the evening an alarm was sent out and it is estimated that five hundred people spent the night in searching for them, and it was not till late floating on the water which aided in the discovery of the two lads, one side by side at the bottom of the slough.

The double funeral took place on Wednesday at 3 p. m. from the United church to Mirror cemetery, services being conducted by Rev. R. G. Woods and Rev. I. M. Hughson. The sympathy of the whole community is extended

Plans For Celebration Complete

The committee in charge of activities for the celebration
and commemoration of Canada's Diamond Jubilee have all
their arrangements completed and are putting forth every
effort to make the two days, Saturday and Sunday, July
2nd and 3rd, full of enjoyment for all. The school grounds
will be the scene of activities if the weather is fine, if not
the Vet's hall will be brought into use, so you can rest as-
sured that rain or shine Alix will celebrate. As we stated
last week, the Saturday arrangement is for a parade, sing-
ing, addresses, pageant, sports and fire works, and on
Sunday there will be addresses by prominent outside speak-
ers as well as local men, community singing, choral re-
nditions, etc., and lots of music both days. Everything is
absolutely firm, the expense being borne by the various or-
ganizations and the town council, and a cordial invitation
is extended to all to make Alix their place of residence for
the two days, Saturday and Sunday, July 2nd and 3rd.

pedient, such contracts to be submitted for approval at the
next following council meeting.

Messrs. R. L. Toepfer and E. W. Cormack met the
council as representatives of the Diamond Jubilee committee
and asked the council to elect one of their members to the
committee. On motion of Sherburne and carried the Reeve
was elected to this committee.

Messrs. W. C. H. Parby and C. Wolkstein appeared
before the council and asked that the road running north
from Alix to the Buffalo Lake trail be given more attention
and kept in good condition. The work was promised.

authorized to send privately letters to which title is held by
the Municipality through tax recovery.

tered into with Mr. E. Parby to allow the Municipality to

and bills were passed for pay-
ment on motion of Crowe.

ITEMS OF INTEREST

Tomorrow night (Saturday) is the weekly 8 to 12 p.m. dance in the Yeta Hall with music by the Yeta orchestra. Come once and you will repeat the words: "We are sorry to leave that dance."

A number of our citizens went to Stettler early in the week to see the "Mikado" put on by The Upland Opera Co. of Stettler.

H. J. Snell, night watchman, at The Imperial Hotel, Alta. Wednesday, Jan. 22nd, and every third Wednesday of the month thereafter.

The school children will be down to the real thing next week when the midsummer exams commence.

The Ladies' Aid of the United Church, who started a fund some months ago to raise money to paint the church will hold a sale of work and home cooking in the U. F. A. hall on Saturday, June 16th, to complete the amount they will require.

In making up their list for the Alta Fair in August (which we published in our columns a few weeks ago) the ladies omitted two sections, namely: Home-made produce in the Dairy class and Windbreaker for Ladies' Work.

Miss S. Marryat was last week summoned to Mission, B. C., owing to the serious illness of her mother.

The Sunday School lesson for next Sunday will be found in 1 Peter 2, 11-17; 4, 1-5. Golden Text—"Love worketh no ill to his neighbor."—Romans 13:10.

Attendance last Sunday 37 children and six adults.

Mr. B. D. Nelson went to Calgary on Tuesday to see an eye specialist.

Frank Brooker drove to Stettler on Tuesday where he was married to a new lady at the Skinner garage. His mother went along and was witness to the ceremony.

Spring may have been a trifle late in making her appearance, but conditions since have been perfect and we believe you will agree with us that the deficit has not only been made up but there is now a substantial balance to draw on. In fact some of our people are able to be like the farmer who said he lost a million dollars in one year because he hadn't enough cattle to eat up all the grass.

Wedding bells will be ringing in our district before the end of this month. Listen for them.

Mr. F. Yahrke, who has been employed on the C. N. R. section for a number of years, has taken a position as foreman on a section six miles west of Rocky Mt. House.

The old C. N. R. station is fast vending its way from the old site to its new location north of the Canadian National depot where it will be remodelled and fitted up to replace the present station which will be used for other purposes.

June is half shot.

Min. Agricultural Society

Will Erect New Hall

A meeting of the directors of the Alta Agricultural Society was held on Friday of last week to discuss matters pertaining to the forthcoming fair. The main points discussed were the advisability of erecting a new exhibition hall on the grounds and a committee was appointed to secure action from the local lumber yard and report at a meeting to be held the following Monday. The various committees, sports, prize list, advertisement, etc., were appointed.

At the meeting on Monday evening the building committee submitted its report and it was resolved to immediately erect the hall which will be built of lumber with cement foundation 60x30 feet. The building will be stored. This will be welcome news to our lady exhibitors.

not be better with fine showers
every other day and hot
days between. Prospects are
for a good harvest.

A quiet wedding took place
at the United Church par-
sonage, Mirror, on Wednes-
day of this week when Mrs.
Myrtle Jackson became the
bride of Professor L. Jones,
the well known music teacher
of that town. The bride and
groom will reside on the lat-

the best wishes of their many
friends.

Miss Edna Toepfer of Camrose is visiting at the home of her friend, Miss Marie Rouss.

The prize list for the Alia Fair has been handed over to the printer and the books will be ready for distribution early in July.

H. J. Seel, night bookend, will be at The Imperial Hotel, Alia, Wednesday, July 20th, and every third Wednesday of the month thereafter.

The Sunday School lesson for next Sunday will be found in 1 Peter 5, 1-11. Review, "Golden Text"—Follow me and I will make you fishers of men.—Matt. 14:9.

Attendance last Sunday 29 children and 4 adults.

Mr. and Mrs. H. Forster and two daughters, recently arrived from Regina, have taken up their residence on the George Nether farm adjoining town to the south.

Last week the Imperial Hotel went under new management when Mr. and Mrs. Kente and daughter arrived from Edmonton.

Don't forget the dance in the Vet's hall on the evening of Friday (Monday) July 1st.

Hold your flag on the night of June 30th and leave it up until the morning of July 5th.

Miss Smith of The Big Store staff, was an Edmonton visitor from Thursday until Saturday last week.

School closes next week for the summer vacation.

Earl Brigham has been spending the past week in Hanna.

"Those bells we referred to last week are tuned to ring out next week."

Dr. A. M. Watson, dentist will pay his next regular monthly visit to Alia from Monday, June 27th until Wednesday, June 29th. At the Imperial Hotel.

The U.F.W.A. and U.F.A. will hold a joint meeting at 3.30 p.m. on Saturday, June 25th.

In Memoriam

In food and loving memory of Donald Stanley Rutherford who died in Edmonton June 21st, and was buried at Alia June 22nd, 1925, aged 35 years 1 month and 21 days. Our darling we will never forget. Mamma, Little Son and Daddy.

A traffic cop, knocked down by an automobile driver, arrested his assailant. This in the advantage the policeman has over the ordinary citizen.

There is much talk of having a distinctly Canadian flag but a lot of Canadians cannot see the need of it. The Union Jack is a bad old flag to live under. Yet is we may find it a real mine of job making ourselves worthy of it.

Plans will be undertaken this summer for the erection of a church in Jasper to be known as the Edith Cavell Memorial Church, at the foot of the Glacier of the Angel. Mount Edith Cavell, Jasper National Park, as a tangible tribute to the memory of the martyr nurse of the Great War.

A box is a box, but a good looking stenographer is an asset to any business.

An ounce of service is worth a ton of promise.

STILL SERVING

The Red Cross appeals to YOU for support

SINCE the War, the Red Cross has disbursed over seven million dollars for the Soldiers, Women, Children and Prisoner Families of Canada.

About half of this has been spent for disabled soldiers—half for the other services of the Society about which you have been told. The Treasury is almost empty.

\$1,000,000 Needed Now for Red Cross Work

The Red Cross brings down on our disabled soldiers and their families. It stimulates the children of Canada to healthy living and good citizenship. It relieves suffering and brings relief to Canada's frontier districts remote from other aid. Its work is indispensable.

It now appeals to YOU, as a patriotic and humane Canadian citizen, to contribute generously to its need for funds.

News Of The Wheat Pool

The campaign for the signing of the Second Series of Wheat Pool contracts is under way and meeting with excellent success. Every district is being organized and it is planned to have every grain producer canvassed.

The Saskatchewan Wheat Pool has already obtained a sign-up of close to seven million acres for the Second series contracts. This is over 80 per cent of the sign-up of the first series contracts.

Reports from all over Alberta regarding the progress of the Wheat Pool second series membership drive are very encouraging.

The Hollist-Canada Mortgage Company, with Head Office in Winnipeg, have signed a second series wheat pool contract covering about 25,000 acres of Alberta farm land, one-third of which is in wheat. The management of this company expressed complete satisfaction with the operation of the Wheat Pool since its inception.

L. McKinnon, well-known southern Alberta old-timer, has signed a second series wheat pool contract covering over 2700 acres of land.

Clem Brady of Red Deer is in the district with his well drilling machine. If you are contemplating putting down a hole here is your chance. Read his ad. in this issue.

Despite The Rain Alix Holds Enjoyable Celebration July 2nd

Unfortunately, June 2nd, the day on which Alix celebrated the Diamond Jubilee, turned out very miserable, rain falling practically all day, but nevertheless we believe the large crowd thoroughly enjoyed themselves and appreciated the efforts of the committee to give them a good time in spite of the rain. The parade and pageant, also several numbers on the program, were run through between showers in the morning, but the sports in the afternoon had to be abandoned and the Vet's hall being brought into use as a program of band selections, recitations, dancing, singing, etc., replaced the original program.

Possibly the parade was the finest that ever graced our streets and it would be folly on our part to attempt to describe the different floats. First in the line-up were the school children carrying a myriad of flags and escorted in numbers of eight by a war veteran, then came the cars, each one displaying the coat-of-arms of the province represented and also decorated in bunting, flags, flowers and other emblems, two additional cars representing Canada and the U. S. It was truly a gorgeous spectacle. Reaching the ground—the procession lined up in front of the flag staff and to the reveille, the Union Jack was run up while all stood to attention and sang "God Save The King." Fourteen girls gowned in white, with sashes representing Canada, the provinces and immigrants from various other countries, formed the pageant and put on a delightful flag drill. The address by Mrs. Parby was appropriate to the day and the other numbers on the program were in accord with the occasion. Before disbanding, each school child was presented with a Diamond Jubilee Medal.

The committee wish to extend their thanks to the different people who joined with them to make the day an enjoyable one, to the car owners for their co-operation, to the townspeople for decorating and to the different organizations for the financial contributions which made it possible to entertain the visitors free.

Dance tomorrow night (Saturday) in the Vet's Hall with music by "The Snappy Four" orchestra.

This Week's Top Things

Mr. McArthur of Drumheller spent the week and with Mr. and Mrs. H. Ross and family, going on to Loyalist the first of the week.

Mr. and Mrs. Robson Hanes were attending the Calgary Stampede last week.

The household effects of C. B. North, the new Alberta Pacific Elevator operator, have arrived and are being stored awaiting their arrival. H. E. Salt having resigned is building a residence in town.

The farmers' elevator is now closed and when it opens about August 1st it will open as the Pool Elevator they having purchased it outright from the Farmers.

Mr. Hewitt, the student minister, who is occupying the pulpit in the Town, Nebraska and Gadsby Lake churches for the summer has been to Calgary this week in the Stampede this week being his first experience at a real western event like that.

Mr. and Mrs. H. Bellhouse attended the stampede in Calgary last week.

Miss Agnes Wilbright who has been teaching at Loyalist the past two years is home for a two week vacation.

Mr. H. and Misses Jessie and Alex Ross were Alix visitors on Monday.

Misses Fred Haynes, L. H. Gebhart and their wives went up to Buffalo Lake on Saturday for a week end and incidentally to catch a few fish. While out rowing on Sunday some men from Mirror had become tangled in some reeds, upset their boat and were having difficulty in bringing their heads above water but were finally rescued by our two townsmen who saved them ashore with bailing wire.

D. B. MacLean and Robert Asher went down to the creek recently and had a swim, they say the water was pretty cold but they enjoyed it very much.

More Telephones in Operation

A net gain of 36 telephones in operation for the month of June is reported by the Alberta Government. Telephone system; a total of 62 new rural phones were installed while a decrease of 26 exchange phones is shown for the month. Considerable repair work has been necessary following the damage done to rural lines by storms and wind in a number of districts during the present month.

Be your roadside witness or rural, there is no provision as narrow as that developed by the inventor's maintenance of your own point of view.

To initiate a thing is to acknowledge that it is the leader.

Children Have Narrow Escape

The pleasant gathering at
Haunted Lake beach Sunday
afternoon last came close to
being marred by tragedy and
only quick action on the part
of some of the picnickers averted
three drownings.

The tiny daughter of Mr.
and Mrs. T. Wilton fell on
her back in the water and
was pulled out just in time.

Later in the afternoon two
young lads, Harry Price and
Frank Henry, went beyond
their depth and is attempting
to swim back because ex-
hausted and had gone down
a couple of times when rescued
by a couple of the larger lads.
It was a time of rather
bad scares for all present.

How About It?

This year more than 75,000
motor cars will be licensed in
Alberta with a cash return to
the public treasury of \$1,650,-
000 at least. On the first of
July the number of plates sold
reached 62,000, the re-
sulting a collection of more
than \$1,000,000 by the province.
For the entire year of
1926 the provincial secretary's
branch issued 64,150 auto
licenses, a figure nearly 10,-
000 higher than our previous
recorded in 1925.

The above figures make
very interesting reading, but
what is of more import is
what the devil the govern-
ment is doing with our money.
We have a government
highway east and west and if
there is a road in Alberta in a
more deplorable condition we
would like to see it. We con-
sider that the auto and gas
tax should be expended on
the roads in the locality in
which collected. What is the
use of paying the government
tax on something which is
almost useless. Let's look.

Summer Strawberry Crop

The growing of strawberries is becoming a real business in our district, and never have we seen or tasted better berries than we have this year. It is really a new sight to see the counters of our stores lined up with home grown berries and it points to the possibility of Alx as a fruit growing province.

Let Us Use Every Precaution And Avoid An Accident

Parents, watch the little tots; boys and girls stay away from the deep water if you are not expert swimmers. The two near-drownings at Sunday last should be a warning to all to avoid risks when in bathing. Alx beach on Hunsat Lake is becoming more popular year by year and to date has proven an ideal spot, being only a mile from town, but should an accident happen it would mar the pleasures derived from this beautiful beach. There is absolutely no danger if the proper caution is exercised. Let this be a lesson to all parents to compel the children to remain within its depth or stay on the beach.

New Alx Agricultural Hall Will Be Opened With Dance Tonight

The new Alx Agricultural Hall on the fair grounds is completed and the committee in charge will christen it by giving a dance TO-NIGHT (Friday, July 29th). A good floor has been put down and the music will be furnished by the Bullivant-Karby orchestra. There is a balance owed on the building and it is hoped to raise at least a good portion of this evening. Admission \$1.00 for guests and ladies. Supper will be extra served in the hall.

At 1927 Fair Less Than Two Weeks Hence

The dates of our Fair are drawing closer and we believe that 1927 will prove a real treat for the local people. The price list is bigger and better than ever and from all sides we hear of new exhibitors. Remember, it is less than two weeks until the date, so start now to think out your exhibits. Arrangements are under way for two good days of sports along with the exhibition. If you have a Fair List get one from Secretary Pettit.

Alberta Wheat Pool To Make \$1.00 Initial Payment on New Crop

The second interim payment has been mailed to wheat growers by the Alberta Wheat Pool and amounts to fifteen cents a bushel on all grades except No. 6 and feed wheat and mixed grades. The payment on these is ten cents a bushel.

The total payment by the Pool to date on 1926 deliveries amounts to \$1.30 per bushel, basis 1 Northern in store Vancouver. The final payment will be made in the fall.

Announcement is also made that an initial payment of \$1.00 a bushel, basis 1 Northern in store Vancouver, will be made by the Pool on the new crop.

The second interim payment will mean the raising of \$6,500,000 to members of the Pool. The total paid out by the three Western Pools in our twenty-seven months dollars Manitoba paying \$2,690,700, Saskatchewan \$17,825,000.

The Alberta cheques were placed in the mail over the week end. The distribution of this six and a half million dollars at the time of the year will assist the farmers very considerably with their financing.

To Publish New Health Bulletin

A bulletin is being prepared under the direction of Hon. George Hoadley, Minister of Health, on the subject of summer infections and its prevention.

A bulletin will be available for distribution shortly. Typewritten and intensional instructions in children are the two troubles which will be chiefly emphasized and attention to both by way of preventive measures is urged upon those particularly who are holidaying during the summer.

ITEMS OF INTEREST

Messrs. R. L. and O. F. Toepfer and their ladies took a run to Camrose last week, visited friends and attended the fair from Thursday till Saturday.

Mr. and Mrs. Anderson of California, on a motor trip of three months, arrived in Alia last week and will spend a few weeks at the home of the lady's parents, Mr. and Mrs. H. Anders.

Frank Darlow of Jasper has been spending the past week with his parents here.

H. J. Ewell, night specialist, will be at The Imperial Hotel, Alia, Wednesday, AUG. 17th, and every third Wednesday of the month thereafter.

The regular monthly meeting of the council of the Municipal District of No. 39 will be held tomorrow afternoon, Saturday, August 16th.

The bills have been posted for a Grand Sports and Stampede Day at Erskine on Wednesday, August 10th. In addition to boxing contests, calf roping, wild cow milking and horse races, there will be boxing contests, wrestling matches, football and basketball, junior and senior baseball, etc., for which liberal prizes have been put up. And in the evening a big dance with good music and supper. Don't forget the date and place, on the Ball Grounds at Erskine August 10th.

Vera Hopson of Lacombe has been spending a few days in town with her friend Jean Mackie.

Mrs. E. Clark and son and Mr. C. Hill and son returned on Friday last week from their trip to California. They made the round trip (over 3500 miles) in a Ford, had a good trip, saw a lot of relatives and friends, and never a particle of car trouble.

Word reaches us from Calgary that Miss Thyra Wilkerson, at one time a resident of Alia, and well known to a large number here, was married a few days ago and will reside at Calgary.

A number of our citizens took in the baseball tournament at Stettin this week.

Miss Elsie Brown was successful in passing her Grade 11 and will attend Normal at Camrose.

Mr. F. Yanko returned to town on Tuesday after working for several weeks on a C. N. R. section north of Calgary.

We drew your attention to the ad. on the back page with reference to well drilling, Clem Brady, who owns the rig, is completing his fourth well in Alia and with its completion will have completed his contract. Now is your chance before he leaves the district.

Alia Fair Days Next Week

Thursday and Friday of next week, August 17th and 18th, are the dates. The place is Alia. The event is the Annual Fall Fair.

The society has arranged for two good days of sports including a Baseball Tournament with four teams competing, two games the first day and the final game on the second.

The new hall was opened by a dance on Friday night of last week and a large crowd attended; many were the favorable comments on this improvement.

"Cappy Ricks" the three-act comedy which drew two crowded houses in Alia last April, will be re-staged the second night of the fair in the new building on the grounds.

The comedienne on the midway is in a good many instances to be run for the society by local use.

Indisputable point to one of the best fairs in the history of the society.

The six-piece orchestra will be a bonus not to be lost.

PEOPLE WILL TALK

You may go through the world, but 'twill be very slow if you listen to it all that is said as you go.

You'll be worried and fretted and kept in a stew. For mischievous tongues have something to do, and people will talk.

If quiet and modest, 'twill then be pronounced. That your humble position is only assumed; You're a wolf in sheep's clothing, or else you're a fool; But don't get excited—keep perfectly cool.

If generous and noble, 'twill give vent to their spleen; You'll hear some loud hints that you're selfish and mean. If upright and honest, and fair as a day, They'll call you a rascal in a day, something say.

Or a slight inclination to take your own part, They'll call you a rogue that is both as a rule; But keep straight ahead, don't stop to explain.

For people will talk. Good friend, take advice and just do as you please, For your mind (if you have one) will then be at ease; Through life you will meet with all sorts of abuse, But don't try to stop them, 'twill be of no use, For people will talk.

Minister—"I hear, Paddy, they've gone dry in the village where your brother lives."

Paddy—"Dry, me! They're parched. I've just had a letter from him and the postage stamp was stuck on with a pin."

Alberta Coal Exhibit For Toronto

A prominent position in the Canada building has been allotted for the Alberta Coal Display during the Canadian National Exhibition at Toronto August 27 to September 10, according to word received by Howard Stutchbury, Alberta Trade Commissioner. This exhibit of domestic coal is being shown by the Alberta Government and the Canadian coal publicity commission. Mr. Stutchbury while in the east this time will make a tour of some 30 towns and cities speaking in the interest of Alberta coal.

Last Shipment of Buffalo North

The final shipment of 218 buffalo left the Wainwright Park on Tuesday, making a total of 1940 animals to be moved to their new northern home this season. Owing to the rapid increase in the number of buffalo in the park at Wainwright, shipments to the north in three years have totalled 5,385 head and of this number only six failed to stand the long trip by rail and water to their new domain.

To 'rr' is human—to admit it is not.

Alberta's Death Rate Low

Alberta has the third lowest death rate among the provinces of the Dominion, according to the vital statistics for 1925. The rates by provinces are as follows: Saskatchewan 7.4 per thousand; Manitoba 8.3; Alberta 8.5; British Columbia 9.6; Prince Edward Island 10.1; Ontario 11.4; Nova Scotia 11.8; New Brunswick 12.2 and Quebec 14.5. The rate in Alberta it is stated, is increased for some extent by the death of tubercular patients who come to this province for their health.

A spinster encountered some boys in the old swimming hole minus everything but nature's garb, and was horrified.

"Isn't it against the law to bathe without suits on, little boys?"

"Yes'm" announced cracked Johnny, "but Jimmy's father is a policeman, so you can come on in."

"Ma" whimpered Tommy, "do I have to wash my face again before dinner?"

"Certainly, dear."

"Aw, gee, why can't I just powder it over again like you do yours."

The barn necessities include enough powder to whiten the exposed area.

Alix 1927 Annual Fair Goes Over Big

Good Weather Greets The Visitors—The Fair Was Well
Filled With Exhibits And The Stock Showing Was
Extra Large.

To date we have failed to receive one complaint on the
program arranged by the Alix Agricultural Society for their
annual fair on Thursday and Friday of last week. The
weather man was his broadest smile for both days, favor-
ing us with sunshine most of the time, in fact it was in-
cised to be a trifle on the hot side.

The exhibitors came from all parts of our district,
some from outside, and it is a good many years since we
experienced such a fine showing in all classes. The new hall
proved a drawing card and, although not altogether what
it is intended it shall be, was a credit to the management.

The exhibits of live stock were good, and some interest
was manifested in the judging. The exhibits of vegetables and
roots, grains and grasses were up to standard, while the
domestic section was well filled. There was less com-
petition in ladies' and children's work, the latter class
causing much comment on account of the fine quality of
the exhibits. A full list of prize winners will appear in
next week's paper.

The total number of entries were away in excess of
last year although there was a slight falling off in ladies'
work and flowers. The total showing was almost a thousand en-
tries.

The sports were good and thoroughly enjoyed by the
large crowd. The ball game between George District and
Enkies was won by the former team 8 to 3 score. Cliv-
ing to Mirror. The final game on Friday between Mirror
and George went with first money to Mirror.

The horse race each day
was well attended and the
money well divided.

The dancing and play were
ing matches were popular
items on the program.

The stock judging com-
petition for boys and girls under
18 years was very interesting
and the prizes were awarded
to Arthur Pethbridge and
Ella McLaren. The class
chosen was dairy heifers and
there were eighteen entries.

Mrs. W. H. Price and son
Harry are spending a few
days visiting with friends at
Calgary.

A meeting of the directors
of the Alix Agricultural So-
ciety has been called for Mon-

All interested are requested to attend this meeting.

Conference Will Be Held At Alix

In accord with an invitation issued from our local branch, the Constituency Conference of the Women's Institute will this year be held in Alix on Friday, the 10th September, in the G. V. Y. A. hall. The constituency comprises eleven localities extending from Iola to the west, Blackfalds to the south, Mirror on the north and Alix to the east. The ladies in Alix are expecting a good attendance and are preparing a royal welcome. Mrs. C.M. Yarwood is the Convener of the Constituency.

Spinal Meningitis Develops

A case of spinal meningitis has developed in Alix district and the patient, Mrs. Wales, is in a very critical condition. She was taken ill some three weeks ago at the home of Mr. and Mrs. W. Parby where her husband is employed and last week the doctor ordered isolation. Accordingly, the sufferer was brought to town and put under quarantine in Mrs. Sheldon's home on Railway Avenue with Mrs. (Dr.) Auerbach and Mrs. Boytzen as nurses.

There has been a big demand for new binders this year and several new thrashing rigs have been sold.

"I'm a father!" cried young Jones as he burst into the mill.

"He's your old man!"

The new coat of paint has surely made a vast improvement on the United suburb.

Traffic Cop—"I'm sorry Miss, but I've got to tag your car. You know what that means?"

The Sweet Young Thing—"Certainly." New I chase somebody else, tag and they are it."

Mr. Lucey gave an evening to the patients of the Central Alberta Sanatorium and was greatly delighted his audience as an impressionist. I consider he's one of the best men on the platform today in his line.

To Growers of Sugar Beets

We have arranged for the shipment of a carload of Sugar Beets, grown from the seed we furnished this spring, to the factory at Raymond and the C. P. R. is co-operating with us in making this test of the beet. Kindly call at once and let us know how your crop is looking and what quantity you can furnish towards the shipment. We were careful to have this seed distributed throughout the entire district so as to make a thorough test and we want every grower to contribute, you will get practically all there is in it and we believe we can prove that the Alix district can support an industry.

Mr. Henry Curt, who has resided for a number of years at Chibbiack, B. C., has returned to Alberta, moving his family to Cowley.

The difficulty in saving a good reputation consists in keeping the thing alive while it is young.

The latest Broadway farm ballad is called "Don't worry about the wood, mother; father will bring home a load."

If we use the proper method, proper results will follow

Profit—something sacred to get but scandalous to give.

One little fapper

Looking very cute; lobbed hair and lipstick—My, but she's a beauty! One little tea bound, Bell-bottomed pants; Wrist watch and cigaret—Oh, how he can dance.

Now they are married—Living in a flat;

Going to be some trouble, You can bet your hat.

One little divorce court—Both standing pat;

Home again to papa And

That's That.

Shields Awarded For 1927

The two shields awarded by the council for the best kept street and neatest individual property each year were carried away this year by Jamieson street and Mr. R. L. Toepfer. Mr. L. Sweet, who acts in the capacity of judge each season, had a difficult problem as many of our citizens had expended special effort on their homes this summer, but we are sure he made no mistake in coming to his decision and we congratulate the Jamieson street residents and Bob on their success.

Village Council Convenes

The regular meeting of the Village Council was held on Monday night with councilors all present. Minutes of the August meeting were read and adopted.

Several accounts were then passed for payment.

The prevalence of sow this on the road allowance to the west of town, having been brought to the attention of the council, steps were taken for its destruction.

Councillor Wilton was instructed to inform those who are willing to put out street lamps that the council would furnish the gasoline for operating same.

Secretary Reiter having resigned owing to his transfer from Alix, informed the board that Mr. Keys was prepared to act for him to the end of the year. This arrangement was accepted as it was not considered advisable to go to the expense of a special audit and taking out another board.

The secretary was instructed to procure two new fire ladders, same to be left in the hall and not loaned under any circumstances.

Dr. A. M. Watson, dentist will again be at the Imperial Hotel, Alix, from Monday, September 12th, to Wednesday, September 14th. Early appointments necessary for bridge and plate work.

George Collingwood has purchased a new Essex coup. Some class, old man.

Local Happenings

This year has been ideal for the raising of cucumbers and many gardeners report abundant yields, but the garden of W. L. Pettit of Alix holds the prize for this district, as he informs us that more than 30 bushels of the big green beauties have been garnered from his vines.

M. L. Munson of Nevis this week sent us through the mail sample of crabapples from his "orchard." They are fine specimens and we intend to preserve them.

Attention! All those holding Senior Hockey Sweaters are asked to hand the same in immediately. Leave them at Wilton's Store.

Lacombe District Exhibit 1928

The Lacombe district exhibit won first place at Edmonton Exhibition in 1927 and reflected credit on all those who contributed material for the display. It was such a success and brought so much publicity to the district that the Lacombe Board of Trade, who sponsored the Exhibit, are anxious to have the success repeated next year.

In all probability the competition in 1928 will be much heavier than this year, hence it is the Lacombe district exhibit takes the place it should in 1928; it will be necessary for everyone who has material suitable for this exhibit, to put the same aside until next season.

The material produced in 1927, which will be suitable for this exhibit, is threshed and shelled grains and field and garden seeds as well as preserved fruits and vegetables. The material for the 1927 exhibit was contributed by relatively few people.

Since we have a wonderful crop of all such material this year, you would be helping your district if you would be good enough to put aside any material you may consider is suitable for this purpose.

Since the name of grower will be on all material in the

exhibit, your contribution will reflect credit not only on the district but yourself as well. Be a booster for your district by helping in this way. The district includes the Provincial electoral district of Lacombe, hence material from Bentley, Crowsnest, Miramichi and Alix will be eligible and much appreciated by the Board of Trade.

The four great destructive agencies are wind, water, fire and boys.

Mr. Potato was all eyes for Miss Spinach and they were to be married but the person didn't Turnip.

Letters for the air mail might appropriately be written on fly paper.

Someone said that two heads were better than one: the source of this remark never attended a motion picture show.

Will Make Alix Twice a Month

In place of the once-a-month service given Alix by H. J. Snell, Optician, he has decided to double his visits and consequently he will make our town twice each month. His next call being Thursday, October 13th. No doubt this will be good news to his many patients who have employed him in the past.

Obituary

A gloom was cast over our district early Saturday morning when it was learned that Harold M. Good, who had been in failing health for some time, had passed away at his home four miles north of Alix. Harold resided in Saskatoon soon after war was declared with the 65th battalion which was soon in active service overseas, later became a prisoner of war and worked in the German salt mines for over three years, from the effects of which he never fully recovered. When peace was declared and he was returned to our midst and for the last seven years has been an industrious, steady worker, building up a neat, comfortable home. October 10th, 1925, he was married to Miss N. Johnson also of Saskatoon. His sudden demise was a real shock to the district and much sympathy is extended to his sorrowing wife and brother, W. J. Good of Big Valley, and sister, Mrs. E. Barhouse of Guelph, Ont. The funeral services were conducted by the Rev. Morgan of Mirror. The pallbearers were: G. Pym, R. MacDonnell, H. McNeil, E. Chapman, F. Sneathers and J. Webster. The remains were taken to Saskatoon for interment in the Veteran's plot on Tuesday at 2 p. m.

Safeguarding The Children

Infantile paralysis is a germ disease. It occurs most often in the summer months and mostly among children, especially those under 5 years old. Following the advice given

Keep your children clean. Bathe them often. Make them wash their hands and face before eating. Do not let them use public roller towels.

Give each child his own handkerchief. Teach him to blow his nose and to cover the nose and mouth when he sneezes or coughs. Teach

him to keep his fingers out of his nose and mouth.

Give each child his own toothbrush. See that he uses it night and morning. Keep the teeth clean and have the cavities filled.

Teach him never to use a cup or a glass that has been used by some one else.

Give the child plenty of water to drink. Forbid all tea and coffee.

Food should be simple and easily digested. Give no fried foods.

Use clean, pasteurized milk, or cream from cows tested regularly for tuberculosis.

Put the children to bed early. Young children should have a nap after lunch.

Be sure that the children's bowels are regular.

This Week's Toss Tidings

Raymond Heath had the misfortune to break his arm while cranking his car and Mr. North took him over to the doctor's. Care was set and bandaged it. He is able to take care of his work pretty well and run the machine for Ross Witter who is now threshing.

The public school resumed on Monday after having been closed for two weeks on account of the epidemic.

Jim Schamehorn has started threshing, the grain is of good grade but rather damp.

Mrs. J. McMillan came down from Edmonton last week for a visit with relatives and friends in Tees and the vicinity.

Mrs. Rouhen Hines was a Lacombe visitor this week.

Mr. Hevitt, a student from McGill, who has held the circuit of Tees, N. Forks and Gadsby Lake churches during the summer months, departed for Montreal this week via Winnipeg and a circuit where he will visit before going on to continue his studies for the coming year.

Sunday was a busy day in the church here and a goodly number attended. Mr. Davis, Leslie Works, Howard Vanmeester and Jennie Davis, each taking special parts in the service.

Mr. E. E. Seal was a Lacombe visitor on Monday.

The plasterers are about through on Mr. Seal's house in the southwest part of town and the family will soon be moving in. They have been spending the summer in a small building while their new residence was being built and will be glad to get into their new and cozy quarters.

Another Case of Infantile Paralysis in Alix District

After having been closed for a week the Alix school reopened on Monday last and ran until Thursday evening when it was again shut down following the report that Glen, son of Mr. and Mrs. C. Rouse, had been taken sick with infantile paralysis.

The U. F. W. A. will hold

Saturday of the month, 29th

West Pool Men Join

Quite a number of United
States citizens, who own land
in Alberta, are joining the
West Pool. Just recently
Senator J. W. Reid of Idaho
signed a contract covering
two and a half sections in the
Makopene district.

Writing to The Farm and
Ranch Review, C. W. Peter-
son says: "It seems obvious
to me that an organization
which controls the wheat pro-
duction of 135,000 farmers,
fifty per cent of all Canada's
wheat and twenty-five per
cent of the world's export-
able surplus, and which is
organized to render service
to its membership at actual
cost, can effect such econom-
ies in handling, and has such
tremendous power, that to
place it side by side with the
comparatively puny efforts of
even the greatest of private
grain handling concerns is
fantastic in the extreme."

What Will You Do At 11 O'clock

Do not forget that service
in the United Church will be
held as usual at 11 a. m. on
Sunday and that you will be
most welcome.

Former Loan Life in Thunder

Great Power, a former
owner of 15 miles east of Ponoka
was killed Monday morning
when he had the misfortune
of slipping into the tender of
his threshing machine. He
was completely killed. Burial
has been taking in the district.

1927. He was 40 years old.

We have been told that Mr.
and Mrs. H. Andrus, plan-
ners of this district, will return
from the farm and have in a
short time to make their
home at Los Angeles, Cal.
Mr. Andrus is not enjoying
good health and thinks the
change will be beneficial.

Health Officer Gives Good Report

The secretary of the village
is in receipt of the report
from the Government San-
itary Inspector re the town's
condition and it is indeed a
satisfactory statement. There
were but three or four minor
suggestions for improvement
the main complaint being
that the nuisance ground was
a little too close to the high-
way south of town, and sug-
gesting that a fence be erect-
ed to keep the refuse from
sprawling. This matter will
be attended to.

H. J. Seel, night specialist,
will pay his next visit to Alix
in the Imperial Hotel, on the
19th of October (Wednesday)
next.

by fire of the home of
Mr. and Mrs. A. McDonald,

Monday last. There was a
high wind at the time and
very few of the effects were
saved. The family's winter

While the Olds School of
Agriculture opened for third

Municipal Council Erecting New Office On Main Street

The excavation for the new office building to be erected by the council of the Municipal District of Lamerton, on the west side of Main street just south of Peacock's store, commenced this week and the work will be speeded up so the secretary may move in as early as possible. The building will be 18x24, comprising a council chamber and secretary's office. There will be a full size basement, the walls will be of tile and a fire-proof roof. Alix has always been considered the logical point for the council's headquarters and we are glad they are erecting permanent quarters. The building will be a credit to our Main thoroughfare.

The office has been moved temporarily to the premises next door to the old office, as Mr. Woolgar wishes to occupy the building being vacated as a residence.

Report of Lacombe-Peacock Committee on Finance

(Continued From Last Week)

Mrs. McCormack of Mirror gave a good report on work done in household economy, many courses in laundry, dressmaking and domestication in cake making, inner-making and a dressmaker.

Mrs. Pettit of Alx, Conventer for Immigration, while not having much to report from other branches told us what had been done in the Alx district and explained to the meeting how best to get in touch with these people who are coming to our district.

Mrs. Shearer of Lacombe, Conventer for Education and Better Schools, then gave her report, after which there was an animated discussion on the merits of a high school course or a course at one of our Agricultural Colleges for the farm boys and girls.

Mrs. C. Ball of Blackfalds, Conventer for Agriculture, was not present and as we were pressed for time, her report was not read but she says the different branches have reported on Gardening, Fruit growing, Fruit and Bulb culture. Some find her reportable.

Lacombe took an active part in Edmonton exhibition and the Alberta W. I. was well represented at the Canadian National Exhibition in Toronto for 1927.

The Constituency Secretary, Mrs. Andrews of Alx, then gave the financial report; all constituency funds paid to date except in Lockhart and Lendale branches.

The Conventer gave her report, after which Mrs. Montgomery conducted the election of officers as follows:

Constituency Conventer—Mrs. Yarwood of Alx
Conventer of child welfare and public health—Mrs. King of Mirror.

Conventer of education and better schools—Mrs. Shearer of Lacombe.

Conventer for legislation—Mrs. Blomham of Lx.

Conventer of immigration—Mrs. Pettit of Alx.

Conventer of household economy—Mrs. McCormack of Mirror.

Conventer of agriculture—Mrs. Roberts of Lacombe.

Conventer of Canadianization—Mrs. O'Brien of Mirror.

Conventer of Canadian industries—Mrs. Miller, Blackfalds, Lacombe, mirror and Lx extended invitations to the conference for next year, the meeting deciding in favor of mirror.

Our beloved director, Mrs. H. J. Montgomery of Westfalds, brought to us greetings from Mrs. Huxy, Provincial President, and reminded us of the course that the Provincial Government has promised to give Householders if the W. I. will find the women to take the course. One of the scheme to help branches in Alberta get in touch with branches in the old land by correspondence.

She then gave us some very helpful thoughts on the qualities that Canadian women should possess.

During the afternoon Mrs. Montgomery sang for us in her usual pleasing manner, as well as music provided by students Thompson and Brown.

The chairman reminded the meeting of our National Thanksgiving Day and of Armistice Day and what they meant to us.

All songs and sang "Praise God From Whom All Blessings Flow" and the meeting closed with singing "God Save the King" after which a delicious banquet was served by the members of the Alx branch, about sixty-five ladies remaining for refreshments.

ITEMS OF INTEREST

Mr. Harold Avion of O'Leary, Ont., "The Great" spent the past week at the home of his son, Mr. W. M. James.

James Schepel, who has spent the past couple of years at Annapolis, B., arrived home last week. He motored up spending several months in the harvest field in route.

Mrs. F. Straub and family have moved into town for the winter, taking up their residence on Main street.

On the first Saturday in December the Rebekah Lodge intend holding a "Lazar." One attraction will be a wonderful fish pond for the kiddies' Xmas toys.

The Sunday School lesson for next Sunday will be found in Micah 2: 1, 3, 6, 1-13. Golden Text—"We hath sowed the seed, O man, what is good and what doth the Lord require of thee: but to do justly and to love mercy and to walk humbly with thy God."—Micah 6: 8.

The attendance last Sunday 31 children and 6 adults.

On Sunday a car of Alx people comprising Mr. and Mrs. A. B. Bennett and family, Mrs. J. W. Ennis and Lois Andrews motored to Westfalds and spent the day with friends.

On Saturday afternoon returning home from a neighbor, the horse ridden by Jack Bortle, reared up and falling over placed the rider's foot to the ground, resulting in a badly sprained ankle that will confine her to the house for some time. It was lucky the foot came out of the stirrup or the result might have been much worse.

Mr. D. Ennis and son left on Monday for their home at Kelowna, B. C., after spending a couple of months at the home of his brother-in-law, J. W.

On Wednesday evening of last week some 15 friends of Bryant Nilien surprised him at his home south of town and after spending a delightful time in dancing and card playing he was with a fountain pen to be used during his studies at the Ode Agricultural College.

Saturday night last a party was held at the home of Harry Kraft when 60 young people made merry until the wee hours of the morning in dancing and music. Needless to say the luncheon was not the most enjoyable number on the program.

Miss Dorothy Parker was the guest at a social evening given by Mrs. G. A. Thompson on Monday. There was dancing, music and games.

Alx and Haydon on November 21st and 22nd, Haydon one day and Alx the next. See the advt. on the back page of this issue. All kinds of poultry taken in this car, last of season.—C. E. Yarwood, Agent.

Old Dan and Morris Schepel are on a big game hunt to Rocky Mt. House.

A regular meeting of the council of Lacombe M. D. 398
was held on November 12th in the municipal office. Pres-
ent: Reeve Tallman, Deputy Reeve Crown and Councillors
Cockrill, Stevenson and Sherburne.

The minutes of the meetings of October 1st and 22nd
were read and adopted on motion of Deputy Reeve Crown.
The Reeve and Secretary gave their report on their
appearance before the Railway Commission at the sitting
held in Calgary October 25th.

On motion of Deputy Reeve Crown it was decided to

tion in 26-40-21, this fraction having been found to be with-
in the Lakeside Municipality.

Correspondence from the S. B. B. in regard to arrears
of taxes owing by soldier settlers was read and on motion
of Deputy Reeve Crown it was decided to co-operate with
the board along the lines suggested.

Mrs. Bert Wales being reported ill and needing hospi-
tal attention, it was moved by Councilor Stevenson and
carried that she be sent to the Lacombe hospital.

Councillor Cockrill and the secretary were appointed a
committee to investigate a protest of Mr. John Russell
against the impounding of some of his cattle.

A number of bills and pay
sheets were passed on motion
of Councillor Stevenson.

Meeting adjourned at 5 p.

It Will Pay You To Wait On The New Ford. Read This

"We saw the New Ford Car and had the thrill of riding in it" said H. C. Cottingham, manager of Calgary Branch of the Ford Motor Company of Canada, Limited, who arrived home on Thursday, November 28th, after attending the annual Branch Manager's Convention at the company's home office and factory in Ford, Ont. "We were delighted with the new car and felt that it will introduce a new era in high-way transport. We went to the factory expecting a lot, but we saw more than we expected. In appearance the car is everything that could be desired, and its point of performance is surprising. It gets away like a shot out of a gun. It negotiates any character of road with perfect ease. It is capable of very high speed and whatever speed it is travelling it seems to hug the road, and whatever road it is travelling on, it seems to iron everything out into a paved highway. We watched the new car going through gruelling tests and we saw the cars coming through the factories and realised then why it must be several months before the supply is in any way adequate to the public demand. Anyone who could see what we saw would no longer wonder why it has taken a long time to build the new Ford. We found that not only new designs have been evolved but revolutionary means of manufacturing have been invented and production machines of entirely new kinds have been designed and built to facilitate manufacture. Necessarily it will be some time before these new machines can be secured in sufficient quantity to effect the enormous volume of production that is required to meet the demand for the new car, but that is a matter by which all parties ultimately benefit for it is only by virtue of new methods that it has been possible to build the New Ford to remain in the low price field. Without such production facilities it would have to sell in the high price field."

Growth Of Canada's Trade Has Not Been Surpassed By Any Other Country

A survey of Canada's national and international trade for the past year, an optimistic picture of what the future holds for the Dominion, and a tribute to the growth of the Dominion's trade, are the main features of the recently published report of the Dominion Bureau of Statistics, which shows that the Dominion's trade for the year 1929-30 was the highest in its history.

The report shows that the Dominion's trade for the year 1929-30 was the highest in its history, and that the growth of the Dominion's trade has not been surpassed by any other country.

Twenty-First Annual Meeting of United Grain Growers Limited

Reports show successful year-end work of the United Grain Growers Limited.

The annual meeting of the United Grain Growers Limited, which was held at the Hotel Vancouver, Vancouver, B.C., on December 18th and 19th, was a most successful one. The reports of the various departments showed a very satisfactory year-end work. The financial statement showed a profit of \$1,000,000. The reports of the various departments showed a very satisfactory year-end work. The financial statement showed a profit of \$1,000,000.

Calculation Board Program for Next Year

The first part of the month there assembled in the Macdonald Hotel at Edmonton, officials of the C. P. R. Western Colonization Department and representatives of the Alberta Colonization Board. The object of the gathering was to consider the operating results of the past year and map out the Board's activities for 1928. The reports as presented demonstrated sufficient reason for continuing operations, in fact the statements were all very gratifying. In a great many cases the immigrant was fast approaching the happy point of being able to acquire land of his own and with but few exceptions the 2000 settlers located through this agency were satisfied with their lot, data also showing that the newcomers had cleared in the neighborhood of 32,000 acres during the year.

Some apparently question the need for such an organization but with the enthusiasm shown and the proven results, it is fully demonstrated that their work is of vital importance to our Province.

The settlers brought forward by the C. P. R. Colonization Board are "hand picked" and with this system it is hoped to aid materially in bringing Colonel Denison's dream of a well populated, industrial and satisfied Western Canada, to pass in the near future.

To aid the newcomers, the C. P. R. Land Department has set aside blocks of land on which an immigrant who has proven a year's apprenticeship as an agriculturist in Western Canada may locate, paying nothing for four years except Municipal taxes, and then a 32-year contract without interest.

The program for next year will mean the bringing out of select bunch and is in devious that all farmers who are needing men make application as soon as possible as it takes several months to line up those who are coming, only farm hands will be brought out. All applications for this district should be made to C. W. Penikese of Mirror or at the Free Press office, Alton.

ITEMS OF INTEREST

A work from Sunday is Christmas Day
TO-NIGHT (Friday, December 16th) another of those "Pepp" dances" is being held in the Vet's Hall with the same good music. Come and have a good time.

Mrs. B. Allen and son Andrew left the latter part of last week to spend the winter at Victoria, B. C.
We understand that the initial steps have been taken for staging another home talent play in Alton. We believe it will be produced in January. More news.

Colin B. Andrews, who has been on the local bank staff for the past fifteen months, left on Monday for Castor having been transferred to the Royal Bank branch in that town.

The Sunday School lesson for next Sunday will be review. Golden Text—"God, who at sundry times and in divers seasons speaks in these last days speaks unto us by his Son."—Heb. 1:2.

The attendance last Sunday 35 children and 6 adults.
At the benefit dance last Friday evening a sum amounting \$100.00 was realized which is very gratifying indeed and demonstrates that in cases of adversity the Alton people are not backward in extending a helping hand. There was a large crowd and we honestly believe it was one of the best social events held in our town for some time. The proceeds contained \$13 from people who found it impossible to attend.

Dr. A. M. Watson, dentist, will visit Alton every second week, Monday to Wednesday. Next visit Dec. 22 to 23.
The Women's Institute have decided the following officers for the coming year: Hon. President, Mrs. C. M. Yarwood; President, Mrs. W. L. Pettit; 1st Vice-President, Mrs. E. T. Hunter; 2nd Vice-President, Mrs. R. D. Day; Secretary, Mrs. E. Paine; Treasurer, Mrs. G. L. Linsen; Directors—Misses E. L. Tupper and B. C. Andrews.

Capt. of Thanks—On behalf of myself and family I wish to express my heartfelt appreciation of the many kindnesses shown us following the destruction of our home by fire. —A. McDonald.
Close up, the shortest day of the year comes next week and then it won't be long till spring.

This Week's Tees Tidings

The Misses Bertha and Eliza Kershaw are visiting relatives at Chatham over the holidays.

Mr. and Mrs. W. B. Cram are in Calgary for a short visit and some shopping.

F. S. H. received a car of Black Diamond coal last Saturday and sold it all in a short time.

A number of the town folks went to the Nebraska school last Friday evening to the dance all had a splendid time. Raymond Heath was a visitor Monday, he says the roads are not too bad for motoring considering the bad weather we have had.

Mr. Dahlbeck succeeded in bagging a moose, big Coyote the other day.

Len Gebhart was in Lacombe on business this week.

Mr. and Mrs. Frank Ashdown have moved from their farm to City for winter so as to have the children close to school.

The Children of the Sunday School have recently received some nice silver medals for attendance and punctuality and needless to say they are all very much pleased with them.

William Wallace of Alia arrived in Town the beginning of the week to assist Mr. Heath.

Mr. F. E. Hoffman and son Bobbie have gone to Banff for an extended visit and to escape some of the severe weather. Mr. Hoffman may go later.

Johnnie Hallard is assisting D. B. McMillan in the Pool Elevator now, grain is coming in very fast.

It's dangerous to put up mistakes nowadays considering what happens without it.

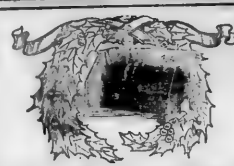

'The son of an Aberdeen chemist took two shillings from the till and absconded them. The father is getting along as well as can be expected.

'I neta' said the elderly gentleman on his semi-annual visit to tea city "that women are wearing two sets of garters, one of which evidently holds up the stocking, while the other pair holds up the traffic."

He—"I want to buy a Xmas present for my wife."

Clerk—"Would something in silk stockings interest you. He—"Yes, very much, but I'd like to see about the present first."

Do your Christmas shopping early.

Explosion, Felled the Tree
Completely Destroyed Garage

On Wednesday at 5 p. m. Alix had a visit from the fire and the garage was completely destroyed together with the contents which comprised in addition to the equipment, five cars and a whole flock of batteries belonging to our citizens. The fire, caused by the upsetting of the acetylene tank, was the hottest and most spectacular ever witnessed in our community. The valve in the tank was broken in the fall and the escaping fumes, fired by the stove, caused an explosion which lifted the entire roof and shook the buildings in the vicinity. Inside of half a minute the entire structure was a raging inferno but in that short period and in spite of the danger from exploding gasoline tanks, burning oil, etc., three cars were rolled

This Week's Tees Tidings

Something went wrong at
the Post elevator in Tees on
Tuesday. Mr. W. Cunningham
drove onto the scales
they tipped and his team was
participated into the pit. The
horns went right down and
standing up began eating
what as though it thought
it was put there for that
purpose. The other horse
became tangled in the rigging
and was badly bruised before
they got him out.

Somebody with an eye for
turkey business came along
one night recently brought
along some small young tur-
keys, planted them on the
fence where Mr. Vanmeer's
turkeys roost and hid some
of his non-rumpy turkeys in-
stead. Vanmeer says if he
gets hold of that miscreant
he will give him the rump in
both eyes before he lets him
go and don't blame him a bit.

Somebody with less sense
than muscle shoved the four
wheel express truck off the
platform Saturday night and
the east bound freight struck
it as it pretty well demolished
it. If people could only rea-
lize what little it takes to cause
the death of people connected
with train movements or peo-
ple riding on trains, they
would keep their hands off
anything around or pertain-
ing to the railway.

Miss Agnes Wighright re-
turned from Loyalist Friday
where she has just completed
her second year of teaching.
Mr. and Mrs. J. W. Arnett
and Mr. and Mrs. H. J. McLean
started for Seattle this morn-
ing, they purchased Victoria
and return tickets from here.
Ted. Delbouse went to Ed-
monton for a few days visit.
John Crank went to Lacom-
be this morning where he ex-
pects to meet Mrs. Crank, she
expects to spend the winter
in Tees.

Ring Out The Old, Ring In The New

RECIPE FOR A HAPPY NEW YEAR

TAKE twelve fine, full grown months, see that these are thoroughly freed from all old memories of bitterness, rancor, hate, and jealousy; cleanse them completely from every clinging spite; pick off all specks of pettiness and bitterness; in short, see that these months are freed from all the past—have them as fresh and clean as when they first came from the great storehouse of Time.

Cut these months into thirty or thirty-one equal parts. This batch will last for one year. Do not attempt to make up the whole batch at one time (so many persons spoil the entire lot in this way), but prepare one day at a time, as follows:

Into each day put twelve parts of faith; eleven of patience; ten of courage; nine of work (some people omit this ingredient and so spoil the flavor of the rest); eight of hope, seven of fidelity, six of liberty, five of kindness, four of rest, (leaving this out is like leaving the oil out of the salad—don't do it), three of prayer, two of meditation and one well-selected resolution. If you have no conscientious scruples, put 1/2 about a teaspoonful of good spirit, a dash of fun, a pinch of faith, a sprinkling of play, and a heaping cupful of good humor.

Pour into the whole lot ad libitum and mix with a vim. Cook thoroughly in a fervent heat; garnish with a few smiles and a sprig of joy then serve with quietness, usefulness, and cheerfulness and A Happy New Year is a certainty.

Talented Organization Will Visit Our Town Next Week

The Australian Vaudeville Concert Company are meeting with the most gratifying success during their present tour of Western Canada, success which will doubtless be repeated when they visit ALIX on the evening of Tuesday, January 24th.

Rarely have the smaller towns such opportunity to hear talent of this kind and it is solely owing to fortuitous circumstances that the present tour will be made. This is an opportunity not to be missed for the talented organization will present an entertainment of vaudeville sketches and grand opera selections, concert arrangements, popular and symphonic. Just also song bits by a charmed soprano, so that this entertainment will appeal to all ages and all tastes.

Besides the leading soloists of the Australian Band, solos will be rendered by artists of international fame.

Will Hold A Joint Meeting

The regular meeting of the U. F. W. A. will be held in the U. F. A. Hall on Saturday, January 28th. A report of the Annual Convention will be given by the delegate, Mrs. R. W. Barritt.

The U. F. A. will convene at the same time and place and their delegate will also report. The meeting is called for 2.30 p. m.

Gasoline Burns May Prove Fatal

Suffering from severe burns
received when a gasoline lamp
which they were using, ex-
ploded, Mr. and Mrs. Kahor
of Mirror were on Tuesday
taken to the Camrose hospital
and although everything
possible is being done by the
best medical skill, the hope of
recovery is very slight.

Local Items

Mr. and Mrs. R. L. Toepfer
were visitors for a couple of
days this week of friends at
Calgary.

G. A. Thompson was a
business visitor in Edmonton
from Wednesday until Sat-
urday.

J. Pederson of Thief River
Falls, Minn., is at present
a visitor at the home of his
brothers-in-law, the Messers
Sorun.

The next dance in the vet's
hall, Alix, will be on Friday,
February 3rd; the same good
music.

On Wednesday Art Fooker,
while helping to pack away
ice at the creamery, was hit
on the back by one of the
large cakes which has laid
him off work for a time.

Good old January, it surely
is cutting down winter and
making it easy to wait for
spring.

E. E. Seal was a Lacombe visitor on Saturday and on Tuesday.

The big lance in the U. F. A. hall last Friday night was well attended and a good time was had by all. All those who helped either by labor or contribution to build the hall were given a free ticket to the dance and some odd bucks who hadn't shaken a foot for a long time were on the floor enjoying themselves as much as the lancers.

Misses Dot Bellhouse and Alberta Montgomery, accompanied by Cyril Colebrook and Dot Bellhouse were Lacombe visitors Saturday.

Miss Bellhouse intends to journey on to visit her sister Miss Charlotte R. N. at Edmonton.

Mrs. Weatherill was a Red Deer visitor Thursday where her daughter is attending school.

Mrs. John Craik met with a painful injury last Monday while she and Mr. Craik were out driving with the sleigh. The tongue came down when going down hill, struck into the snow causing an upset, throwing them out and falling on them. She is badly bruised up but no bones broken.

E. E. Seal hitched up to the cutter Sunday, taking his wife and Joan with him, and asked Marion and Florence Abern to book their hand-sleigh on behind and go for a ride. They drove out to Mr. Dahl's.

A. W. say, Mr. Tom, don't talk like that. Why I'd do anything in the world for you. I'd do it. I was only kiddin'. As for tomin' you down—Gee! it ain't in me. I'll watch me winks and the next time I bump into the old dame, I mean the old lady why I'll be so darned particular she'll think I'm a clerk in the five-and-ten cent store.—(La)—When a feller Needs a friend.

Ratepayers Instruct Council To Confer With Calgary Power Co.

The regular meeting of the Village Council was held on February 6th, Councillors P. C. Toepfer and T. Wilson present. The minutes of the last meeting were read and approved. As there was no business placed before the council for attention the meeting adjourned.

The returning officer, W. D. Clarke then declared the meeting open for the ratepayers and called for the election of a chairman. Mr. P. C. Toepfer being called to take the chair.

The annual report was then read after which some discussion was entered into regarding arrears of taxes and supplementary revenue tax. It was suggested that the matter be brought to the attention of the council at the next regular meeting and if any of the taxes were considered uncollectable, provision should be made to have these eliminated from the assets shown on the statement.

The next item for discussion of the ratepayers was the proposed contract with the Calgary Power Company in connection with the purchase

maximum charge for the 250 candle power light, according to the proposed contract being \$3 per light and no less than 15 lights being required. The meeting resolved that the council enter into negotiations with the Company to obtain as reasonable terms as possible and when the revised terms are submitted the matter be referred to ratepayers. From 8 p.m. to 9 p.m. the meeting was open for nominations and the following nominations were received:

ITEMS OF INTEREST

Miss S. A. Bateman of Calgary is taking a well earned rest and visiting with her mother in Alberta.

James Blades from the Cochrane district was a busy visitor in town the day of the report of the week.

The United Church service has been cancelled for Sunday next on account of the Memorial Service at 3 p.m. in the Vets' Hall.

Dr. A. M. Watson, dentist, will pay his next visit to the town on February 23rd to 24th (Monday & Tuesday) and every second week thereafter.

On Saturday evening last a number of the friends of Mr. and Mrs. E. T. Hunter gathered at their home for a town-to-town congratulatory on their 25th wedding anniversary. After partaking of a sumptuous supper, Mr. W. L. Pettit on behalf of the visitors, presented the various gifts of silver and extended best wishes for many more years of happiness. Several hours were then spent in dancing, singing, etc.

Sunday evening fire destroyed the residence on R. P. Cameron's farm south of town. The cause is unknown but to those who saw the start it appeared like an explosion and it was all over in a short time. Cam. was putting up his horses at the time and when he came from the barn the fire had gained such headway that nothing could be saved of the contents.

To the housewife the ashes from a dollar cigar are just so much dirt.

K. R. McLean, 212 Herald Building, Calgary, sight specialist, wishes to announce that he will visit Alix on Friday, February 17th, and Saturday forenoon, at the Imperial Hotel Parlor.

The Sunday School lesson for next Sunday will be found in mark 4:26-34. Golden Text—"Thy Kingdom come, Thy will be done in earth as it is in Heaven."—Matt. 6:10.

The attendance last Sunday 38 children and 5 adults. H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will be at the Imperial Hotel, Wednesday, February 15th, and every third Wednesday of the month.

Don't you dare to touch me, you viper! I knowed as soon as I seen you comin' in you was goin' to bring trouble and now I'm sure of it. Oh, what you poor defenseless women has to endure from you beasts of men, Oh, Aheq-oberbus, Aheqoberbus, things wouldn't 'a' been like this if you was here. (When a Feller Needs a Friend.)

The Auditor's Financial Statement for the Municipal District of Lamerton No. 308 for 1927 has been mailed to the ratepayers and the date of the Annual Meeting is set for Saturday, February 18th, in the U. F. A. Hall, Alix, at the hour of 1 p.m.

Flow note: "Live so you can pass any grocery store."

On Sunday last Rev. Thomas Powell, Superintendent of missions for Alberta, occupied the pulpit of the United Church at the morning service and delivered an excellent address. At the congregational meeting following the service, a letter was read from a real estate firm at Edmonton asking if the church was for sale and what price would be put on it. This enquiry was the outcome of a report that it had been closed temporarily on account of finances.
Of course the letter was hardly given consideration as the edifice is not for sale, but at the same time it is imperative that the matter of upkeep be assumed by more than the mere hands who have heretofore been shouldering the burden of maintenance, and we ask you to come forward and say what extent you will help in keeping the church open. It must be kept up and only by your help can this be done. How many will obligate themselves for 25c a Sunday? Leave your name with W. PEACOCK.
We have seen the church crowded to the doors at a funeral, a time when everyone is glad that the accommodation is here, and why cannot the same people help support the minister and attend the regular service? Think it over and act.

Red Cross Seeks Information
Re The Blind in Alberta
A request has been received by this paper from the Red Cross Society, 408 Civic Building, Edmonton, that we obtain for them the names and postal addresses of all those in our district who have the misfortune to be blind.
The Statistics thus obtained are for the use of the Society of the Blind, who hope to get in touch with all blind people in the Province. We shall be very glad to co-operate with both the Red Cross and the Society for the Blind and trust that our readers will make an effort to do their part also.
The Red Cross asks that anyone knowing the name of a blind man, woman, or child living in Alberta (Not necessarily) should report the same to their Headquarters at 408 Civic Building, Edmonton. Kindly assist the efforts of these societies by giving the matter your immediate attention, and it is hoped that all names and addresses will be written in a clear handwriting, preferably in printed letters.

How Are You Fixed For Farm Help?

Monday Night's Concert

A treat is in store for those who attend the "Dramatic Recital" in the United Church next Monday evening, Feb. 20th. Miss Florence Miller is a talented entertainer and you will be treated to serious as well as humorous numbers. Among her recitations will be "Mary Cary," "When Women Rule," "My Young Un" and costume numbers. The ladies are serving luncheon at the close of the entertainment with no extra charge. Don't fail to be there.

When a Father Needs a Friend

Tom, Bob and Jerry, returned boys, are having their own troubles in trying to live in New York and their land-lady, to whom they owe a bunch of rent, is threatening to throw them out, while her daughter Liz is endeavoring to help them along. Living in a room with boxes to sit on and one suit between them they are visited by Tom's rich aunt and uncle who expect to find him prosperous and married. The endeavor to cover up the deception Tom has contrived by letter to his relatives, leads to complications which will keep you in laughter from the going up of the curtain to the coming down thereof.

The proceeds from the play will go to the Alix Women's Institute under whose auspices it is produced.

J. R. Mackie shipped two cars of hogs from this point on Thursday.

Mr. A. Burdick is holding a public auction of his farm chattels on Thursday, Feb. 19th and Harry Lynn will do the "selling off."

Mr. A. Loughbridge was taken to Camrose hospital the latter part of last week, where he underwent an operation for appendicitis, from which, we understand, he is recovering as fast as can be expected.

Annual Meeting On Saturday

The annual ratemakers' meeting of Lamerton Municipality will be held Saturday (tomorrow) in the U. F. A. hall at the hour of 1 p.m. for the discussion of the financial statement. A day other business connected with the Municipal. There are three retiring councillors, Messrs. Tallman, Sherburne and Forch, Divisions 2, 3 and 4, and nominations to fill these three vacancies will be in order.

The Voters' List for Division 2 has been posted in the Alix post office.

Mr. E. Hunter spent a few days the week at Eskine participating in the bazaar.

Quite a nice crowd took in the skating party on Monday evening and all report a very good time. The girls showed 'em that "hot puppies" and coffee can be made to taste as good as good as anything else when served properly.

Ladies! It won't be long now till the spring milliner will be reaching down into the old man's pocket.

Observation

If you don't know the value of money, go and borrow some.

The more a man enjoys his work, the more he enjoys his leisure.

Beauty and folly are old companions - Frasin.

If it weren't for bad people the good ones would have nothing to talk about.

Prepare for an emergency and nice times out of ten you won't have to meet it.

This old world of ours owes many debts of gratitude to the dressers whose visions came true.

When things are divided more evenly in this world the working class will have more leisure and the leisure class more work.

When you win an argument you lose, and when you lose an argument you lose. Moral, don't argue, share 'em.

Girls today are judged by their disappearance, not by their appearance.

The woman who a few years back thought she's never get used to a gas range has a daughter who knows all the ins and outs of a gas wagon.

Shilling Garnet Wheat

When baking bread put pieces of bread into one pan and baking powder cake, leaving room to rise, and you will have nice little sandwich buns.

Lemons will be juicy if you soak them in hot water a few minutes before squeezing.

To reduce oven temperature place a small dish of cold water on the oven bottom. This is a good thing to do when baking custards.

It takes a wisp to make a layman get a move on. Alix it has to do is to back up against him and push.

"Seeing Ourselves As

Others See Us"

A congregational meeting and social will be held in the United Church, Alix, on the evening of the 27th, Monday, at 8 p. m., when a real treat is in store for our citizens, namely, an address by Rev. Thomas Powell of Calgary from the subject "Seeing Ourselves as Others See Us." Musical numbers are being arranged and refreshments will be served by the Ladies' Aid. All are welcome.

Captain Dansey Speaks To The Citizens of Alix

Those who were fortunate enough to hear Captain B. N. Dansey in the Vet's Hall last Tuesday afternoon and evening do not hesitate in saying that the Captain is a fluent lecturer and will look forward to a return visit. The keynote of his addresses were "Patriotism" and "Canadianism" and he interspersed his talks on community work and community interest with well directed wit.

Board of Trade Re-organized

With Captain Dansey presiding, the Alix Board of Trade was re-organized at a meeting held last Wednesday morning, with the following officers:

President—W. E. Jennings
1st vice—D. G. Marryat
2nd vice—H. P. Hays
Sec.—Thos.—G. A. Linn
A board of 17 directors was elected with A. G. Ditto as chairman.

A vote of thanks was tendered the Legion for the offer of their hall for meetings. The membership fee was set at \$5.00.

The committees appointed were as follows: Membership, Finance, Roads and Transportation, Program and Entertainment, Public Welfare and Civic Relations

The first meeting will take

The Play Went Over Big

The Women's Institute, who were responsible for the staging of "When a Feller Needs a Friend" on Thursday and Friday of last week, wish to thank all those who patronized the play, those who took part, and the orchestra. To say that it went over big is putting it mild. The first night's crowd was not large but standing room was at a premium at the second production, the total proceeds amounting to \$261.75. We doubt if ever a play was produced in Alix that brought more amusement to the audience, two seconds from the drawing of the curtain to the last minute, the crowd being in a continuous roar of laughter. We will refrain from criticism of the actors who are pleased to know that each and everyone were glad they came.

B. T. Luchan Enjoyable

The Board of Trade luncheon at noon on Monday last was most enjoyable, around 45 sitting down to a dinner spread by the ladies of the W. I. and presided over by President W. E. Jennings. In addition to the local members, there were delegates from Lacombe, Glave and Tees.

After singing "O Canada" the wants of the inner man were expressed and loud were the praises of the report. The main discussion was the road problem and a resolution was unanimously passed that the Government be urged to have the Lacombe-Comper Highway completed this year.

Community singing followed with Mrs. G. A. Thompson at the piano and the singing of "God Save The King" brought to a close a most profitable meeting.

He pointed out that Selkirk was a man of many talents and that he was one of the greatest of the pioneers of the west. He also pointed out that Selkirk was a man of great courage and that he was one of the greatest of the leaders of the west. The use of better quality seed grain by farmers throughout the province this spring is being urged in order to maintain the high standard which Alberta crops have established in the past. Lack of care in the selection of seed, with the consequent lowering in the quality of the crop produce, will very soon reduce the demand for Alberta wheat on the markets of the world and correspondingly lower the prices received by the grower.

The polling will take place at the Town Hall, ALIX, on March 26th, 1928, between the hours of 5 and 8 p. m.

If a farmer is not in a position to purchase registered seed, which can be secured from the Provincial Seed Cleaning Plant at Edmonton, he can at least use a high quality of commercial seed of one of the varieties of recognised merit. This is especially important in the case of wheat as a wide variation exists among varieties as to their suitability for milling purposes. Seed of mixed varieties or of an inferior milling wheat cannot yield the product demanded by the millers.

Board Of Trade Offering \$5.00 For Slogan Adopted

The Board of Trade session on Tuesday evening was well attended and proved a very interesting meeting. President Jennings occupied the chair.

The minutes of the previous meeting were adopted and a couple of accounts were ordered paid.

On motion the word "Colonization" was added to the committee on Public Welfare and Civic Relations.

A resolution from the Stettin Board regarding the completion of the Lacombe-Cumpeer Highway this year was endorsed.

Arrangements were made for the putting up of some fifty road signs and secretary was instructed to write the near-by towns for some of their signs to be erected at the same time.

The Board agreed to put up a \$5.00 prize for the best Board of Trade slogan, the result to be chosen by general vote.

Next date is April 21st.

A committee from the Legion requested the cooperation of the Board in formulating plans for the erection of a suitable monument to the boys who fell overseas. A. S. Binnett and P. C. Toepfer were appointed to take up the matter.

The secretary was instructed to write the Department re the possibility of securing

an Agricultural Supervisor for this district.

A discussion re the holding of a Field Crop Competition resulted in the naming of a committee to confer with the Agricultural Society to look their co-operation.

The Board are also taking steps to secure a doctor by communication with the C. P. R., C. N. R. and Medical Association.

The rank proposition is under advisement and will be taken up at a later meeting.

Gentleman - Jamieson

A quiet but pretty wed-
ding took place at the bride's
home "Rosedale Farm" at 3
o'clock, March 21st, when the
Rev. D. R. Cameron of the
University of Alberta united
in marriage Dorothy, only
daughter of Mr. and Mrs. P.
Jamieson of Alix to William
Donald Gentleman, Camrose.
At the appointed hour the
bride entered the drawing
room, on the arm of her fat-
her who gave her in marriage,
to the strains of the wedding
march played by Gordon
Grant of Camrose.

The bride was becomingly
gowned in a dress of ivory flat
crepe and chastity lace and car-
ried a bouquet of pink bri-
dal roses, the bridesmaid Miss
Cecilia Petter of Alix wore a
dress of Valencia silk crepe,
de-cline trimmed with silver
beads and carried a bouquet of
pink carnations. Terry Jamieson
acted as best man.

After the ceremony the
guests sat down to sumptuous
dinner, the table being contri-
buted with a three tiered wed-
ding cake. The room was
tastefully decorated with car-
nations and tulips, the pink
and white color scheme being
carried throughout.

The groom's gift to the
bride was a leather suitcase,
and to the bridesmaid a bro-
och.

The guests were received by
the bride's mother.

The bride travelled in
a suit of navy blue with hat to
match. A brief honeymoon
will be spent in Edmonton
after which they will reside on
the groom's farm at Camrose.
The young couple were the
recipients of many beautiful
and useful gifts. Congratu-
lations were received by wire
and cable.

Death of Mrs. H. Anders

Another pioneer of the Alix district, in the person of Mrs. H. Anders, passed away on Saturday, March 24th, after only a few days' illness, at her home north-east of town at the age of 61 years.

The funeral was held on Thursday afternoon, interment taking place in the Alix cemetery, and was one of the largest in our community for some time.

Possibly so women in this locality, where the family homesteaded 25 years ago, and have continued to reside ever since, was more beloved than the departed, she having been not only a kind neighbor but an ever willing attendant at the bedside of the sufferer and in the home of sorrow, her big heart always going out to those who were in trouble.

The burial tributes were contributed by the friends with whom we join in extending sympathy to the bereaved husband and family.

CARD OF THANKS
We desire to extend our thanks to kind friends and neighbors who so greatly aided us during the sickness and burial of our wife and mother.

Milton Drake and family

Mrs. Anderson and Albert Anders of Prince arrived here on Wednesday to attend the funeral of their mother.

Mrs. T. Curr of Red Deer came up to attend the funeral of her old friend, the late Mrs. H. Anders.

ITEMS OF INTEREST

Tonight—Concert in Legion Hall under the auspices of the U. F. A. All Local Cast.

Regular monthly meeting of the Village Council held Monday evening April 2nd.

G. A. Thompson, local Agent for the International machinery, is this week unloading a car (over 30,000 lbs) of machinery including tractors, drills, plows etc. This is probably not extraordinary, but what is unusual is the fact the consignment has been shipped of cash, representing some \$6000.00.

Dr. A. M. Watson, dentist will pay his next visit to ALIX on April 2nd to 4th (Monday till Wednesday) and every second week thereafter.

The popular Saturday night dances will be again started next month and we understand the first one will be on the 14th. Music by the DuPont Orchestra.

The Sunday School lesson for next Sunday will be found in Mark 8:27-37. Golden Text—Whoever will come after me, let him deny himself and take up his cross and follow me.—MARK 8:34.

The attendance last Sunday 49 children and 6 adults.

If you are always on time for your work, you will be apt to be in time for promotions.

H. J. Soell, Sight Specialist, Graduate of Canadian Ophthalmic College, will be at the Imperial Hotel, Wednesday, April 18th, and every third Wednesday of the month.

Mrs. Blanche Allen leaves next week to visit for a month with her son and daughter at Victoria, B. C.

While assisting in the operation of a wood saw at the Becker farm on Tuesday, Charlie Berkman had the thumb of his left hand amputated when his hand came in contact with the revolving cylinder.

K. R. McLean, 212 Herald Building, Calgary, night specialist, wishes to announce that he will visit ALIX on Thursday April 12th, and Friday forenoon, at the Imperial Hotel Parlor.

No man ever questions his own judgement.

Sometime during the night on Thursday of last week the Government steel bridge at Content was carried out when an ice jam gave way. The spans at both ends went down the river and the center is badly twisted. The road approaching from the east was under four feet of water owing to a diversion of the river channel. This was the only means of crossing the river. For at least 50 miles and completely shuts off the road traffic north and south from Joffre and south to Drumheller east.

Don't miss the concert TONIGHT (Friday).

J. MacGregor-Smith, professor of agriculture and engineering at the University of Alberta, will be in ALIX under the auspices of the U. F. A. on Saturday, APRIL 7, and will (weather permitting) give an open-air lecture and demonstration on the use of farm implements, especially the plow. Various kinds of farm machinery will be on the grounds for this purpose. If the weather is not suitable the lecture will be held indoors. Everybody welcome.

Modern Etiquette

To all young people who would be exceedingly wise, and to those who would gain real popularity, we have with us the following lines of modern etiquette:

Never stop, look or listen. Never stop, for if you do you may not reach the table at the same time. (The one who does not reach the table at the same time as the others, thereby saves the lives of those who are with you. Never listen, you may hear the still small voice or the crier calling you into court. When conversing with friends (if you have any) never listen to what they say, you may learn something or you may forget something that you wanted to say your self. When conversing with strangers always talk about your own people for they will be glad to stand in the cold for hours listening to long accounts of how you suffered when you had the mumps.

When at a social or banquet do not wait for someone to serve you, for if you do you may not get your full quota of the eats and drinks. Should your hostess place you at the table in a place that does not suit you or where you cannot reach the chalice, kindly change places with someone who is sitting nearer to it and then be sure to get your choice pieces before it is passed around the table. You had better have a place or two on your plate rather than sit at the table. It might be well for you to place your chair at the other ends. Do not burn your lip sipping hot tea or coffee from your cup; pour it into your saucer where it will cool so you can drink it with pleasure. Should your hostess place you at the table where you like or the quality you would like to have, tell her about it. If she cannot fill your order at once it may not take her very long to get it. While you wait you may entertain the other guests by showing them how many pieces of cake you can eat without taking a drink of water. If no wine has been served kindly mention it to the hostess for she has probably forgotten to get it. And will therefore be very thankful to you for the favor. It will be a little longer in serving you with a third helping of desert do not become impatient but kindly tell her that it would please you better if she would more a little more. Should her children happen to leave some of their faster. Should her children happen to leave some of their faster. Should her children happen to leave some of their faster. Should your hostess place you at the table in a place that does not suit you or where you cannot reach the chalice, kindly change places with someone who is sitting nearer to it and then be sure to get your choice pieces before it is passed around the table. You had better have a place or two on your plate rather than sit at the table. It might be well for you to place your chair at the other ends. Do not burn your lip sipping hot tea or coffee from your cup; pour it into your saucer where it will cool so you can drink it with pleasure. Should your hostess place you at the table where you like or the quality you would like to have, tell her about it. If she cannot fill your order at once it may not take her very long to get it. While you wait you may entertain the other guests by showing them how many pieces of cake you can eat without taking a drink of water. If no wine has been served kindly mention it to the hostess for she has probably forgotten to get it. And will therefore be very thankful to you for the favor. It will be a little longer in serving you with a third helping of desert do not become impatient but kindly tell her that it would please you better if she would more a little more. Should her children happen to leave some of their faster. Should her children happen to leave some of their faster. Should her children happen to leave some of their faster. Modern Etiquette

To all young people who would be exceedingly wise, and to those who would gain real popularity, we have with us the following lines of modern etiquette:

Never stop, look or listen. Never stop, for if you do you may not reach the table at the same time. (The one who does not reach the table at the same time as the others, thereby saves the lives of those who are with you. Never listen, you may hear the still small voice or the crier calling you into court. When conversing with friends (if you have any) never listen to what they say, you may learn something or you may forget something that you wanted to say your self. When conversing with strangers always talk about your own people for they will be glad to stand in the cold for hours listening to long accounts of how you suffered when you had the mumps.

When at a social or banquet do not wait for someone to serve you, for if you do you may not get your full quota of the eats and drinks. Should your hostess place you at the table in a place that does not suit you or where you cannot reach the chalice, kindly change places with someone who is sitting nearer to it and then be sure to get your choice pieces before it is passed around the table. You had better have a place or two on your plate rather than sit at the table. It might be well for you to place your chair at the other ends. Do not burn your lip sipping hot tea or coffee from your cup; pour it into your saucer where it will cool so you can drink it with pleasure. Should your hostess place you at the table where you like or the quality you would like to have, tell her about it. If she cannot fill your order at once it may not take her very long to get it. A Forward Step

The development and growth of Canada, politically, economically, is necessarily a process, in production from the raw materials of the forest, the mine, and the waters of the Dominion has, during the first fifty years of Confederation, been most gratifying. This is now fairly properly recognized, it is also the general belief that Canada is passing through a most glorious era of expansion and development, and is destined to become a greater power and larger people.

The question, however, which, as an increasing interest, in making the nation's consideration is "What policies should be adopted and steps taken to ensure that this future development shall proceed along lines that will result in securing a strong nation, not only in such a way that maximum benefits from such development shall accrue to the whole people of the Dominion?"

It should be borne in mind that the development of the Dominion is a process, in production from the raw materials of the forest, the mine, and the waters of the Dominion has, during the first fifty years of Confederation, been most gratifying. This is now fairly properly recognized, it is also the general belief that Canada is passing through a most glorious era of expansion and development, and is destined to become a greater power and larger people.

Bylaw Given Its First Reading

The council meeting on Monday evening was not a busy one, the main topic of discussion being the necessary steps for the completion of the contract with the Calgary Power Co. The bylaw received its first reading and following two more readings will be forwarded to Edmonton for the approval of the Utilities Commission.

A \$20 cheque was ordered sent to the Red Cross. Following complaints that the quarantine had not been bonded by certain parties in the mumps epidemic, it was decided to offer the office of health officer to Dr. McLennan of Mirror.

After passing a number of accounts the meeting adjourned.

Additional Trackage At C. P. R.

The steel was unloaded on Tuesday at the C. P. R. yards for the putting in of another track which will allow trains to pass, the other trackage being taken up most of the time with freight cars. This is an improvement that will be appreciated by both trainmen and shippers.

ALIX BOY AWARDED HONORS AT MCGILL

The following, clipped from a Montreal daily, refers to a son of Mr. and Mrs. C. E. Stone of Alix:
The Talbot-Papineau Memorial Cup, emblematic of the college championship in public speaking and debating at McGill, was awarded to Fred V. Stone, a freshman in Arts. The competition was held in the Faculty Room of the Arts Building with Col. Horey in the chair and Dean MacKay and Hon. H. Harter as judges. Earlier in the season Stone won the Borey Shield in the freshman contest.
Each speaker was permitted to uphold either side of the resolution "Resolved that the early construction of the St. Lawrence Waterways for navigation and power purposes, in cooperation with the United States, is in the best interests of Canada." The winner supported the negative viewpoint, stating that the magnitude of capital expenditure should be considered. There would be a tremendous expense in the development of a waterway project, and as Canada's public debt is already quite large, it should not be increased. Again, were the above scheme undertaken it would only benefit a few, not Canada as a whole. Since the Vancouver and the Hudson Bay routes are being exploited, it is advisable that no other route for the exportation of grain be attempted. In fact, the speaker stated, the capital involved in such a project could be used to serve a more useful purpose in other undertakings.
There were altogether eighteen speakers of which only two supported the affirmative.

In commenting editorially, the daily says: "To Fred V. Stone, winner of the Talbot-Papineau Cup, we extend our heartiest congratulations. He represents a class that will bring great glory to McGill. The freshman class has distinguished itself in many ways this year, but Mr. Stone's achievement can be considered the crowning one for he won over the most experienced debaters of the college in the Talbot-Papineau cup contest."
Fred's home town, Alix, is proud of his success and will join with us in felicitations.

Midnight Fire Takes Toll On Alix Main Street

\$35,000 Blaze Wipes Out Three Of Our Business Blocks

A disastrous fire broke out in the rear of the pool room at 12.45 a. m. Thursday morning and only hard work on the part of the citizens prevented a complete sweep of the west side of Main Street, as it was four buildings were burned to the ground, comprising the Hardware, Pool Room, Royal Bank and office building. Those suffering from loss are:

G. A. Thompson, Hardware, Stock and Building.
G. H. Darlow, Pool Hall, Moving Picture Machine and an office building.

Royal Bank building and equipment.

C. T. Brown & Son, Pool Hall and Barber Shop equipment.

The three bank boys, George Collingwood and R. J. Wright, personal effects.

W. L. Pether, damage to post office building.

Henry Drug Store, damage to stock in handling.

We understand that the business places all carried insurance which will lessen the loss to some extent.

The origin of the fire is a mystery as beyond the fact that the blaze was first discovered in the south west corner of the pool room by Mr. P. C. Toepfer, nothing further is known, except that by the time the fighters (summoned by car and bell) had arrived, that building was downed.

For once we were thankful for an April snow fall, as the moisture assisted materially and prevented ignition of other buildings in the vicinity.

There is every probability that these buildings will be replaced, but this will not bring back the two old landmarks, erected in the babyhood of our town, the hall erected by the late Mr. Jos. Tood and the hardware by Mr. E. F. Sanderson.

The bank has taken up temporary quarters on Niblock street. W. J. Brown has re-opened his barber business in the front room of the post office and G. A. Thompson has his office over the Municipal office.

We have helpers every one else now lets help the girls.

Ditto, as chairman of the roads committee, reported that they had taken up the matter of changing the location of Content bridge and had been informed by the Department that the new bridge would be erected on the site of the old one. He also reported re the contemplated discussion the secretary was instructed to write the company that the Board had interviewed the council and were informed that the right of way had been granted provided the railway arranged settlement with the property owners along proposed line.

A letter from the Red Deer Board stated the would cooperate with Alix in putting up road signs.

The committee appointed at the previous meeting were instructed to make a census among the farmers to see if sufficient entries could be obtained to warrant going ahead with "The Good Farms Competition."

It was unanimously agreed to put on a luncheon at a date to be set as soon as arrangements can be made with Capt. Dancy to give us a talk.

Death Of Mrs. G. A. Lagave

Following an illness of several weeks there passed away early Tuesday morning of this week at the home of her daughter south of Alix, an old timer of this district in the person of Mrs. G. W. Lagave at the age of 70 years and 11 months. Deceased was born in Vinton County, Ohio, where she resided until the year 1920 when the family moved to Alberta, settling in the Lacombe and Alix district which has been their home practically ever since. She has ever proven herself a kind neighbor, a loving mother and patient wife. In addition to a sorrowing life partner, she leaves to mourn, a family of five children, Mrs. G. F. Toyler and Mrs. C. Rouse of Alix, Earl of Erieview, Porter of Rocky Mt. House and Robert of Hughenden. The funeral took place on Wednesday from the United Church to Alix cemetery, service at house and grave being conducted by Rev. Woods.

Phone Service Over The Track

The local telephone service will be extended over the C. P. R. to the north side of town, but because of applications from residents on that side of town, installation to be started at once.

This will be pleasant news to the northsiders who have been endeavoring to procure this convenience for years. The material has been ordered from the department.

Mr. and Mrs. M. Torpy of Nashaw were visiting among their many old town friends on Thursday.

The bylaw for issuing a franchise for electrifying Alix will receive its second reading at the council meeting next Monday evening.

There was a large turnout at the Odd Fellows service in the United Church on Sunday afternoon last, the meeting capacity of the church being all taken up. The members of the I. O. O. F. and Rebekah orders turned out in full force with Messrs. R. F. Sanderson and C. C. McDermond, both veterans, the former carrying his official receipt for dues issued in March 1919, leading the procession, and were treated to an excellent sermon by Rev. Woods who chose his text from "The Sermon on the Mount" pointing out that the very foundation of these societies were built on the lessons therein taught. He dealt with criticisms from those outside the orders (especially as to their secrecy) emphasizing the fact that secrecy was not a crime. The choir had prepared special music which together with a solo by Mr. E. Hunter and the extra strong singing from the congregation made a most beautiful service.

Beginning in a small way last week, seeding has become general in the past few days.

In its report of a Sunday band concert in Red Deer, The Advocate had the following to say of the son of a former Alix boy: "One of the features of the concert was the accordion numbers by 6-year-old Sydney Beachell. The little artist seemed right at home on the stage in front of the large crowd and played 'True Numbers'."

The Richard Kent Stock Company will play in Legion Hall, Alix, their regular monthly visit, on Saturday, April 19th, in "Hell's Kitchen" the much talked about under-world play. Full announcement next week.

The Alberta Lumber Company unloaded another two cars of Lumber on Monday.

The material is being unloaded at Nevis for the replacement of the Red Deer bridge at Coates.

Prisoners destroyed the small dwelling house on the Dees farm south of town the latter part of last week. It took a hard fight to save the large residence and barns.

Arrangements are under way for putting on a "Vivian May" celebration in Alix.

Wheat Pool News Bulletin

A meeting of the delegates of the Alberta Wheat Pool
will be held on Tuesday, May 20th, at Calgary for the pur-
pose of considering the proposed plan for the purchase
of the Saskatchewan Wheat Pool. The meeting will also
discuss campaign, and any other matters of general interest
to the Pool.

Over 600 men are now working on the new terminal
elevators being erected by the Alberta Wheat Pool at Vaux-
hall. This elevator will be completed by September 1st.

Rapid extension of the Alberta Wheat Pool system is
being undertaken this year. Eighteen thousand elevators
are now being built and eight have been purchased. The
system will be extended by the addition of at least a hun-
dred elevators this year. Experience in operating the Wheat
Pool has shown that line and terminal elevators are impera-
tively required in order that members may be given the
greatest possible proportion of the wheat raised, and that
the greatest possible savings may be effected.

Good News For The Growers of Garnet

Extracts from a bulletin entitled "Garnet Wheat"
published by the Dominion Department of Agriculture in
the early part of 1927:

In weight per measured bushel Garnet has averaged
higher than Marquis in spite of the fact that the
kernel has been smaller in most cases.

Percentage of flour extracted from a given quantity
of wheat Garnet has slightly exceeded Marquis.

In hardness of kernel Garnet undoubtedly is inclined
to produce a more vitreous kernel than is Marquis and this
may be readily explained when the demand has arisen and
that the greatest possible savings may be effected.

Mr. Reid, co-operating with Mr. Harry Scott, Canadian
Trade Commissioner at the Port of Liverpool, had them
two hours (Marquis and Garnet) tested and baked by three
different bakers in Liverpool. These people sub-
jected the flour to a critical test and submitted a detailed
report as to the relative behaviour of the two varieties.
According to these reports both varieties displayed the
"high strength and stability of gluten" for which Canadian
wheat is generally especially valued. Only one of the
three made any discrimination between the two varieties
in the standard of colour of flour or bread. In the
opinion of this particular firm the flour of Garnet was con-
sidered to be worth one shilling per 280 pounds of flour
more than the flour of Marquis on account of colour or
"blueness."

Dr. H. M. Torry, who has been president of the Uni-
versity of Alberta since its or-
ganization twenty years ago,
has tendered his resignation
to take effect at the end of
the current college year, in
order that he may accept the
permanent chairmanship of
the National Council of Sci-
entific Research with head-
quarters probably at Ottawa.

The matter of the re-
election of his successor will be con-
sidered at an early date by
the Alberta Government in
order that the new appointee
may be ready to take over the
post at the opening of the
1928 fall term.

The meeting of the directors of the Alix Agricultural

of the prize list, appointing of the directors to the various
classes, picking out the sport, committees and making ar-
rangements for further im-
provements to the facilities
on the grounds. New corral-
will be erected, the sheep and
hog pens will be finished and
further additions will be made
to the interior of the new

Council Strike a 12 Mill Rate

The regular meeting of the village council on Monday evening was well attended and a heap of business was considered.

The main discussion was the improvement programme for this season. The new road paralleling the C. N. R. from the depot half a mile south will be graded, a number of crossings and fills will be made on other roads. It was proposed to have the C. P. R. meet the town in the laying of a casual sidewalk from the Nelson Hotel corner to the depot and the secretary was instructed to take up the matter with the railway.

A letter from the department stated that the proposed agreement between the village and Calgary Power Co. re electric energy for Aliv was acceptable. The bylaw was given its final reading and the matter is now requiring the finishing touches.

A petition from some of the ratepayers requested that chickens be restrained from running at large. It was pointed out that this matter came under the pound law and would be enforced.

After considering the estimated expenditures for 1934 the council struck a rate of 12 mills.

It was decided to request the owners of the properties from which the buildings had been burned, to make a clean up by the end of this month.

A letter from the C. N. R. re proposed apu was handed to the secretary for reply.

The secretary read the report from the Provincial Health Inspector which was very favorable.

The east bound passenger on the C. P. R. was held up here for a few hours on Wednesday on account of the blocking of the right-of-way by the west bound freight engine and one car being derailed east of the tower.

Will Show the Real Canadian

Seldom has it been our privilege to witness a more happy gathering than that which took place in Mirror on Wednesday evening last when the newly arrived Holsteiders, some fifteen in number, who have been placed in our district during the past six weeks by the C. P. R. Colonization Board, gathered in the library building to talk

with them a half-hour talk.

These people are of the finest type, are giving perfect satisfaction and their ability to grasp our mode of living and master our language leads us to believe that in a very short time they will be real Canadians.

Are Invited to Demonstration

Theory of Hell's Kitchen
is woven around the Lily, who
runs a Mill down on the
Bowery in New York. The
"Lily" is one of those charac-
ters every one loves, even to
Father Joe the District Priest,
and even though she is a pro-
stitute. A pretty love story
is interwoven in the plot and
all together the play has made
a decided hit in the East.

Masonic Service Well Attended

A crowded church greeted Rev. J. Goddard of Stettin when he preached to the members of Sons of the Legion on Sunday last. The discourse on "Brotherhood" and truly it was a wonderful and enjoyable talk. The choir had prepared special music for the service and the congregation were treated to a solo beautifully rendered by Mr. S. Baker. The membership of the local lodge was augmented by visitors from Lacombe, Minto and other points.

Busy Month For Telephone Dept.

An increase of 154 exchange stations and 91 rural stations, or a total of 247 new stations in operation during the month of April 1926 is reported by the Provincial Department of Telephones. A new office was opened on April 16 at Spruce and construction is proceeding on the new exchange buildings at Lloydminster, High River, Medicine Hat and Swift Current. Line extensions are being undertaken to Weyburn, Two Hills, Kindred, Dorrance and Beaulieu, the new towns on the C. P. R. Oakdale-Whitford branch. Subscribers for the month of April show a gain of 21,878 over those of the corresponding month in 1925.

Baby Chicks in Strong Demand

Over ten thousand baby chicks have been distributed during the past spring from the Provincial Department Poultry Plant at Okotoks. Officials in charge of the plant report that the demand has been greatly in excess of the supply and that many applicants have been referred to other sources.

Over three thousand chicks are being raised on the farm this spring and in view of their increasing economic importance a beginning is being made this year in culling.

Mr. O. Siddons last week disposed of his farm north of Alix to Mr. Watson who buys from the Brooks territory in southern Alberta. Over says he is not really decided on what he will do but in all probability he will try something else of occupation.

Mr. Fred Storer, who has spent the summer in Montreal attending McGill, will spend the winter with his parents here.

K. R. McLean, 212 Herald Building, Calgary, night specialist, wishes to announce that he will pay his next regular visit to Alix on Wednesday, June 13, and Thursday, June 14, at the Imperial Hotel Parlor.

Mr. and Mrs. George DeFoe and son of Rosebud were Sunday visitors at the Bisset home.

Mr. and Mrs. J. W. Scott and son Frank of Edmonton were Alix visitors from Saturday until Monday.

The service in St. Pankras church on Sunday is at 11 o'clock.

The Alix Baseball Nine looked real edgy in their new uniforms when they appeared on the diamond for a try-out on Sunday afternoon. During the practice, the pitcher, Wheatly Brown, was hit by a bouncing ball which laid him up for a couple of days.

H. J. South, Sight Specialist, Graduate of Canadian Ophthalmic College, will be at the Imperial Hotel, Wednesday, June 20th, and every third Wednesday of the month.

Mr. W. McLaren, after a couple of years' absence, will return to the first next week and erect a new house on his recent purchase, the Archie McDonald farm five miles north of Alix. Wilbert has recently been married and we are sure our citizens will unite with us in welcoming him and his better half back to the district.

There will be an church service in the United church on Sunday at Rev. Woods in at Edmonton attending the session of the Alberta Conference.

Dr. A. M. Watson, dentist will pay his next visit to Alix on May 26th to 29th (Monday till Wednesday) and every second week thereafter.

A southern editor has noticed that when a man finds fault with his local paper, the chances are ten to one that he hasn't an advertisement in it: five to one that he never gave it job work; three to one that he is delinquent on his subscription; even money that he never did anything to assist the publisher to make it a good paper; and one hundred to one that he is anxious to see it when it comes out.

—Keep off the grass.

Mr. W. L. Pettit went to Edmonton on Monday to consult a specialist on cancer from which he is suffering.

The attendance last Sunday 46 children and 10 adults.

The regular monthly meeting of the Alix Board of Trade will be held in Legion Hall at 8 p. m. on the evening of Tuesday, May 29th.

The telephone gang is this week installing the telephone service across the track.

Nurse Magie returned on Tuesday from nursing a patient near New.

Mr. Truman Larkins was taken to the Stettin hospital on Thursday suffering from a slight stroke.

Alix Will Hold Celebration On July 2nd

A meeting of the committee to arrange a program for the sports day on July 2nd, under the auspices of the Alix Agricultural Society, was held on Tuesday evening. The program as outlined will comprise a basketball tournament, basketball, horse races and athletic events, to be followed by a big dance in the evening. Watch for posters and also our columns for full information.

A petition signed by partially all our business men will be presented to the Village Council next Monday evening, asking them to call a Wednesday half holiday from June 13th to August 13th.

Popular Young Alix Couple Wed

A very pretty wedding, at which only the families concerned were present, took place at the home of Mr. and Mrs. W. L. Pettit of Alix on Thursday of this week. May 31st, when Cecile, their only daughter, became the bride of Mr. Wheatly J. Brown, a popular young business man of Alix, Rev. R. G. Wood of the United Church officiating.

The bride entered the room on the arm of her father and looked charming in a frock of white crepe de chine and deep blue lace, carrying a bouquet of lily-of-the-valley carnations. The bridesmaid, Geneva Brown, wore a pomegranate dress of flat crepe and carried a bouquet of red carnations. Dan Pettit, brother of the bride, supported the groom.

The party sat down to a dainty luncheon, the table being prettily decorated with lilies and centered with a three tier wedding cake.

The bride travelled in an ensemble suit of autumn tints with hat to match.

The young couple received many beautiful and useful gifts. The groom's gift to bridesmaid was a pair of gloves and to the best man a fancy tie. Mr. and Mrs. Brown will reside in Alix.

See What You Can Do

The Conference of the United Church of Canada closed yesterday.

Convention was held at the ministry, made provision for a greatly increased system of radio broadcasting for the future; agreed to the firm gift of a substantial sum to the continuing Presbyterian to assist in their work; and reported the building of 18 new churches at a cost of \$276,000 and 22 new mansees costing \$43,000 for the current year.

The work in the north is to be greatly increased while 18 ordained ministers from the east and U. S. have entered the Conference for work this year. A new Presbytery was created to be known as the Thine 15th Presbytery including all the charges from Bashaw south on the C. N. R. to Trochu and also Acme and Carbon from Calgary Presbytery.

The settlement committee reported its final draft on Monday night including some sixty changes in parastates. The changes in this section include de Miror-Alix, the committee, according to the call of Rev. R. G. Wood to the joint charge of the new Knox United church at Killam and Stewart Memorial church, Prairie Park. Rev. Richard T. Har- den of Brant, Alta., will succeed Mr. Wood who leaves to take up his new duties at once and the Conference has arranged for a supply here for the month of June.

Saturday School Sports Well Attended

A beautiful day and hope of good sport greeted the large crowd that attended the fifth annual field day put on for the school children of the district by the Junior Athletic Association on Saturday last. It is always a pleasure to see the young people at play, especially is it so when they are the sole performers of the day, and we believe that to be the case on Saturday. The morning is given over to tests of skill, such as rope climbing, accuracy and distance throwing of a base-ball, balancing fees, chinning the bar, etc. The p. m. is set apart for games and individual contests.

There were but 16 pupils successfully passing the tests namely: 1st Test—Alia 11; Mirror 1; Erskine 1. 2nd Test—Alia 2; Erskine 1.

In junior baseball Stettler defeated Alia, Erskine won from Mirror, and in the play of Erskine won the laurels.

In the senior ball game Stettler won from both Mirror and Alia.

In Girls' Baseball, Mirror defeated Bashaw, Erskine took the decision from Alia and won in the play-off.

There were 40 games of junior indoor ball, Mirror winning from Alia and Alia defeating Carradale.

There were 20 games of senior indoor ball, Carradale 2 firsts and 1 second; Mirror 1 first and 1 second; Bashaw 1 first and 2 seconds, and Stettler 1 first.

The first game of Basketball was a boy's game and was won by Stettler from Erskine 12-6. The second game was girls' and was an easy win for Alia from Erskine 37-4. The third game, boy's, was won by Stettler from Alia 20-15.

The points were awarded as follows: 5 points for winning a game; 2 and 1 points for 1st and 2nd in individual contests and 1 point for each pupil passing the test, while the rural one-room school, the final sum-up being as follows: Alia 36, Stettler 27, Erskine 22, Carradale 20 and Mirror 4.

The association had put up a cup this year which must be held three years in succession and ALIX with 36 points holds it for 1928. The trophy has been ordered, suitably engraved, and will be exhibited in the Drug Store window for a few days after its arrival.

Further Improvements To

Agricultural Grounds

At a meeting of the directors of the Alix Agricultural Society on Tuesday evening of the 4th, it was decided to erect a permanent dining hall on the south side of the new exhibition building, same to be 60 feet long and 14 feet wide. The work will be started at once so the building will be ready for sports day. This will be a much appreciated improvement.

C. P. R. Will Do Its Share

The following letter has been received by the secretary from the C. P. R., in which they authorize the village to extend cement walk to their depot on Railway Ave.:

"I shall be glad if you will arrange to build cement sidewalk 6" thick to connect our station platform at Alix with the new cement sidewalk the town is building along Railway Avenue and which I understand you are prepared to build at 25c per square foot, or a total cost of \$137.50, including everything

J. Fox, Superintendent

Royal Bank To Build With Title

An answer in the affirmative has been sent by the village in reply to the following letter re the new building to be erected at this point by the Royal Bank:

"Dear Sirs—Will you kindly advise me in writing by first mail, if possible, if a building permit will be granted for a building of hollow-tile construction."

"Before considering any further plans we wish to know definitely if a building of this type will be in order in view of the recent bylaw passed creating a Fire Restriction District."

The Wednesday Half Holiday

A petition signed by practically all our business

men, asking them to inaugurate a half holiday, say per usual, for the summer months. In compliance with this request the council have met Wednesday afternoon of each week from the 13th of June to the 15th of August (inclusive) as a public holiday when all places of business will be closed.

Come to ALIX on the 20th of June (Wednesday).

A Change Of Sports Date

Owing to the fact that a number of other towns in the vicinity are celebrating on the 2nd of July, the Alix Agricultural Society have set the date of their sports day of Wednesday, JUNE 20th. Don't forget the change of date and arrange to be there. There will be a baseball tournament and basketball games, horse races and foot races, auto race and a big dance in the evening. Special midway attractions have been ordered. See the large posters and do not forget the date, June 20 (Wednesday).

The Grand Lodge of the Masonic Order convenes in Calgary next week and a number of Ionic members are going to the sessions.

The Alix troop of Boy Scouts held their meeting at Mr. Cornack's farm on June 3rd, they played games and had lunch. Mr. Robertson presented a bugle to be won by the First Patrol passing its second test. It was decided that the Wolf Patrol would camp out at Parby Lake from Friday night June 8th to the following Sunday night. The next meeting will be held at this camping ground at 3.15 p. m.

Knight-Cowan Wedding

A very pretty wedding was solemnized at the United Church mansion in Seattle, on the afternoon of Friday, June 1st, at 3 o'clock, when Evelyn Josephine Cowan, daughter of Mr. and Mrs. Joseph Cowan of Kelowna was united in marriage to Edward George Knight of Alix, Rev. J. G. Goddard officiating.

Miss Muriel Knight attended the bride and Mr. and Mrs. Thomas Knight witnessed the ceremony. The happy young couple left by motor for Banff immediately after the ceremony where the honeymoon will be spent. Mr. and Mrs. Knight will make their home on the farm of the groom north west of Erickson where they will be at home to their friends.—The Settler Independent.

You May Expect A Good

Time 'T' Alix On June 20

Patented with good weather, Alix should have a good day's entertainment on Wednesday of next week, June 24th. The committee in charge are doing all they can to provide a good afternoon's sports and we are sure you will enjoy yourself if you come. With baseball, basketball, auto races, horse races, athletic events, etc., the time should be all taken up, and to those who enjoy it the midway will prove an additional attraction. The dance at night will furnish the climax. Refreshments and luncheon will be served in the dining hall on the grounds. Everybody come.

Mr. T. Wilton is attending the sessions of the 22nd Annual Grand Lodge in Calgary this week.

M. D. of Lamerton

The minutes of May 12th were read and adopted on motion of Councillor Cockrill.

A letter from the Municipality of Waverly was read suggesting a joint meeting of several neighbouring municipalities with the view of arranging for a uniform rate of county payments in 1929, but it was decided to continue business as usual.

On motion of Deputy Reeve Crown it was decided to list certain Minor subdivisions lands which have reverted to the Municipality for taxes, at a price of \$10 per acre.

Chester White Sows Made Poor Showing

The undesirable quality of a number of the Chester White sows recently introduced into the Province by the Central United States Sowing Company is indicated by a recent occurrence on the Calgary show yards, when nine of these animals were shipped back to the yards from a town in the central part of the province where they were being held for sale to farmers in the district.

Of these nine sows, which had been shipped in from the United States as breeding females, five sold on the Calgary market as "shows" at \$9.00 per hundred and the remaining graded "thick smooth" and sold at \$9.00 per hundred, the price for select bacon hogs on the same day being \$10.00 per hundred pounds.

REMEMBER!

INSURE YOUR CROPS

For full insurance purposes the Province of Alberta is divided into four Insurance Districts. The rate of insurance for each District is fixed according to its supposed liability to hail. The District rates run all the way from 5 to 15 per cent. Alx is in the 5 per cent class. I select a share of your business.

The Return Game

Mirror took their second game from the locals when they won by a 14-6 score on the Alx diamond Wednesday evening.

Short two of their regular players our boys were under a handicap, but put up a game fight and had they not sort of blow-up in the 4th and 5th the tally might have read different. All the boys require a more practice and a lot of support.

Imperial Hotel Changes Hands

A business change took place in town this week when Mrs. W. Kents, who has been proprietress of the Imperial Hotel for the past year, disposed of the business to Mr. R. Walshaw of Calgary who will take possession in a few days.

A June Wedding

A very pretty wedding was celebrated in Saulters on June 20th, when two popular young people of this district were united in the holy bonds of matrimony, namely, Edna, daughter of Mr. and Mrs. L. Olson, and Mr. Isaac Sorum, second son of Mr. and Mrs. M. Sorum. The ceremony was performed by the Rev. F.

The bride looked charming in blue crepe and was attended by her sister, Miss Leona Olson. The groom was dressed in a tuxedo. The bride's travelling suit was of tweed.

Following the ceremony the party drove to the home of the bride where the wedding dinner was served and then started on their six-week honeymoon trip in the U. S. On their return the happy couple will reside on a farm at Buffalo Lake.

We join in extending best wishes.

Garnet Wheat Produces 33 Bushels in 2 Months

The steady wet weather of the past few weeks has resulted in a rapid growth of all the field crops. Whether or not the extra favorable season has had anything to do with it we are not prepared to say, but at any rate Garnet Wheat in proving its claim for quicker growth and earlier maturity. A sample of this wheat from the farm of A. S. Bennett, left in our office on Monday, measured 33 inches in maturity two months from the day the seed was put in the ground and is beginning to show head. Our district has a large acreage of this variety and prospects are for a much larger yield this year.

Mr. V. Goddard informs us that he has barley heading out that was sown on the 8th day of May.

Under the supervision of Mr J E Davies, Superintendent, the anniversary of Tees Sunday School was held on July 2nd, nine adults and 30 children gathering in the grounds of Mr. and Mrs. Fry's home. After playing a few songs, the hymns were sung by the choir which was handed round by the adult members of the bible class who kindly made the cakes and brought them along to appease the little appetites, pictures were then taken in various groups to suit all families. The company then returned to the hall where the refreshments were served and it seemed as if everything that was going to be done. The following were a few of the items on the program: Opening hymn "God Save The Little Sparrows Fall". Mrs. A. D. Brown presiding at the Organ. Recitations were given by Miss Maudie Brown, Miss Edna Brown, Miss Mary Ann Brown and Miss Alice Brown. Two hymn choruses were sung by two little brothers, Norton and Nolan Watson who sang the tunes in fine order; Gordon Watson repeated "Gentle Jesus"; other children recited verses from the Bible. Then came the song "Jesus sang a sacred tune: Mr. and Mrs. Watson sang a hymn solo "The Welsh Can Sing." Four bibles and 35 books and three useful articles were given as rewards to the members of the bible class and scholars. Two families were invited to sing the closing prayer and the service closed with the next Sabbath. Mr. Fry ordered solo singing "Jesus-Come Into My Heart." Mrs. Fry sang "The Children's Home." The interesting proceedings closed with the singing of "When The Roll Is Called Up Yonder. A few thanks were said by Mr. J. E. Davies and then all went home with a Welsh cookie for luck.

Mrs. C. S. North has gone to Stettler for awhile to be with her sister who is not very well at present.

Angus Montgomery has purchased the Baby Grand Chev. from Mr. Morris and now he spends his time studying the ins and outs of the mechanism of it so he can make it jump when he says "git up."

Misses Jean and Marjorie Walker came home today from teaching and will spend part of their holidays with their parents north of town.

The next meeting of the U. F. W. A. will be held in the U. F. A. hall on Saturday, July 14th, at 2:30 p. m.

A. S. Hissett and his party left by car on Wednesday for Toronto, going south through the U. S. and crossing into Ontario at Detroit.

Mrs. G. H. Darlow left on Friday for Jasper and after a couple of weeks' visit there will leave on her trip to England, going by way of Vancouver and then through the U. S. to New York from which port she will sail. Her daughter, Edwena, accompanied her to Jasper where she will spend the summer. On her return from the Old Country, the family will reside in Calgary whither G. H. went on Tuesday. They have rented their Altis residence for Mr. H. H. Mann who moved in this week. We regret very much to lose the Darlow family as they are real old timers having been residents here practically since the town's inception, but we join in wishing them success in their new location.

The girls of the senior C. G. I. T. have been spending the week in camp at Spess Lake.

Mrs. C. M. Yarmwood leaves in a few days to visit for a time with friends at Vancouver.

Dr. A. M. Watson, dentist will pay his next visit to Altis on Monday, July 16th, from 9 a. m. till evening, and every Monday thereafter.

Mr. and Mrs. F. A. Straub have gone on a motor trip to the U. S. where they will visit in several cities during the next few weeks.

A number of our citizens have been in Calgary this week attending the fair.

The regular meeting of the council of Lacombe, N. D. will be held in Altis on Saturday (tomorrow).

K. E. W. Leach, 312 Herald Building, Calgary, eight specialist, wishes to announce that he will pay his next regular visit to Altis on Wednesday, Aug. 8, and Thursday following, at the Imperial Hotel Parlor.

Will Bring Movies To Legion Hall, Altis

W. H. B. Sharpe of the Didsbury Movie House was in town last week and signed a 'twelve months' contract with the Legion Hall management, to bring a picture show to Altis twice a month for the balance of the summer and then weekly for the winter. The first production will be on Tuesday evening next, July 17th, and the name of the picture will be "The Seventh Heaven." Only the best pictures will be shown. Don't forget the date, July 17th, and be there at 8 o'clock.

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will be at the Imperial Hotel, Wednesday, July the 19th, and every two days Wednesday of the month.

News Of The Edmonton Exhibition

The Natural Resources of the Canadian Pacific Railway have arranged for space for an exhibit of Canadian Resources at the Edmonton Exhibition, July 16-21. This will consist of all kinds of garden and field crops, flowers, etc., all of which have been grown and matured east of doors and under glass, also a large variety of fresh vegetables and fruits. This is only one of the many interesting and educational exhibits which will be seen at this summer's fair.

The exhibition management have made a change in the regulations and experimental and Government Institutions are forbidden to take part in the district exhibits competition. A special class is arranged for such institutions and as a result both a Vermilion and Olds School of Agriculture have arranged space for their exhibits. The Department of Agriculture, Ottawa, co-operating with the Canadian National Railway, are sending a very fine new exhibit.

The Provincial Department of seeds and weeds are preparing an exhibit, which will be very interesting in view of the present energetic campaign against the now thistle which help to keep the farmers busy these days. R. H. Ennismore is in charge of the demonstration which will be put on by the local office of the Dominion Live stock branch showing egg candling and a number of competitive exhibits in the nature of an egg-crawling campaign.

Nine district exhibits have been entered to date which are being shown in the Agricultural building. This display will be wonderfully attractive and truly representative of agricultural products of Northern Alberta.

The Stores

Retail stores are doing business today on a smaller margin of profit than ever. The higher range of prices prevailing since the war has eliminated competition and has forced retail trade to remodel its system of operation and to make every possible improvement and economy in its methods. The stores are saving a margin for the public as a result of improved distribution.

Merchants today are putting more brains in their work. They get better customers, they understand markets better, they train their employees to render better service. The best way to make the people realize the fine quality of the service they get from their stores is by consistent advertising of these stores. As they read newspaper advertising people learn about special changes to buy goods which they never would have known about otherwise. They learn that stores are carrying lines that they know nothing about. They get information warning them of conditions that tend toward higher prices and showing them how they can save by prompt purchasing. They discover that the home stores are working night and day to provide the necessities and convenience of life at the lowest possible price consistent with substantial merit.

The advertised store is the appreciated store.

Tees Tattlings

On July 6th the United Farmers held their picnic and a good number arrived from different parts of the country and nearby towns. Lunch was served in the hall. Whistles and air balloons of various colors were on sale for the kiddies, to see who could make the most noise. Races were run by children and adults and the baseball match between the married and single men was won by the unattached.

Miss J. Ross is spending a couple of weeks with friends at Edmonton and will remain for the exhibition.

Early Sunday morning Cyril Colebrook started out for the country to pick up a farmer who wanted to catch the 10 a.m. train at Lacombe for Calgary. Mr. Ford objected to the trip on the day of rest and came to a stand still a little way out. In the meantime Mr. Gebhart and wife started out on foot, and knowing what had happened hired L. Schamehorn, but arrived too late to be proceeded by car as Mr. Gebhart had to be in Calgary that day.

Rev. Layton of Lacombe conducted the services at this circuit last Sunday.

L. Schamehorn, wife and family and James Schamehorn are spending the week in Calgary. Jack Aborn is in charge of their home affairs.

Miss A. Willbright is home from Dovercourt where she has been teaching for the past six months.

Misses D. Meadows, E. Peterson and A. Montgomery, Mr. and Mrs. J. F. Ballard are in Calgary this week.

Mr. F. E. Morris left Tees on Tuesday as many handshakes with our folk. Good luck.

The pool elevator is undergoing repairs.

Mrs. Morris left Tees on June 29th for Kelowna, B.C. where she hopes to enjoy life.

Mrs. Kerwell and Miss M. Bellhouse alighted from the train on Wednesday on a visit to their parents.

Dan McMillan and men took a trip to Clive on Wednesday to see if anything could be done with the roads after, so much rain. They should be able to work with a good will considering they have had five and a half days vacation.

The writer understands that Mr. Sanderson is a good English gardener and she would like right now to have a dish of some potatoes boiled with a sprig of good old mint, she lamb chops with mint sauce. Good, eh!

We will be glad to have you send us the news.

THREE things to remember in buying a glove:

1. Place all fingers bent as well as index bent.
2. Cheap dye means the finger, thumb the worst.
3. Get as good a fit as you do in glove or suit. It is just as important.

BUT if you are careful

FOWNES GLOVES

Annual Alix Fall Fair On Friday and Saturday Of Next Week

GOOD PROGRAM OF SPORTS EACH DAY

The annual fair at Alix will be held the last two days of next week, August 3rd and 4th, and the various committees are rapidly getting everything into shape. We enjoy the reputation of putting on an exhibition which would be a credit to a district much larger than ours and we trust that every resident will join us in making the 1929 fair stand up to this standard. The entries are already being handed to the secretary and indications are for a larger showing than ever.

The entertainment portion of the two days is being well looked after. Friday will be mostly young people's day, being devoted to foot races, etc., for the boys and girls and two ball games; while on Saturday there will be a good lineup of horse races, the final in the bull games, basketball, auto races, tug-of-war, etc., and each day will wind up with a dance.

The society is forging to the front and with their new hall erected last year and the dining hall built this spring now have an exhibition grounds on a par with any small town fair.

Don't forget the dates and bring all the kiddies the first day. There are good prizes for all events.

Crop Inspection For Seed Registration

The staff of Government Grain Inspectors, some half a dozen in all, will be on the job next week touring the Province inspecting the crops for seed registration purposes.

Mr. E. W. Cormack of Alix is on the staff and in all probability his territory will be to the south between here and Calgary.

Imperial Hotel Changes Hands

The deal was finally completed last week for the transfer of the Imperial Hotel from Mrs. Krata, who has been hostess for the past fifteen months, to Mr. G. R. Walshaw, who will assume control within the next few days. We understand the new proprietor will make extensive improvements among which will be a change of name. We will be sorry to lose the Krata family but extend a hearty welcome to the new owner and his family.

C. P. R. Land Sales Greatly Increased

Sales of farm land in Alberta by the land department of the Canadian Pacific Railway during the first six months of 1926 show a remarkable increase over figures for the corresponding period of last year. Total sales in the three prairie provinces for the six months' period are given as follows: 1927, 166,283 acres; 1928, 358,963 acres. Of the latter amount 212,000 acres are in Alberta, 115,000 acres in Saskatchewan and 31,963 acres in Manitoba. Much of the Alberta land included in the above amount lies in the territory northwest of Lloydminster and in the irrigation sections traversed by the C. P. R. in the southern part of the province.

THREE things to remember in buying silk gloves:

1. Buy all covers but as well as hole knit.
2. Cheap silk gloves are better, because they are made in silk.
3. Get a good fit in all as you do in glove or mitt. It is just as important.

BUT if you are careful to get

Members of the church Ladies' Aid were entertained on July 25th to a delicious tea given by Mrs. Thorvaldsen. The pastor was there also to discuss matters as to the concert which was to be given that evening when friends from Clive and Lacombe gave a program, the proceeds going to help with the preacher's salary.

On Sunday Mr. Ahern and family were visitors of Mrs. D. C. Walker and Fred Hanes and family spent the day with Mrs. H. Syers.

Connecting a False Report

There is a rumor in circulation that an admission of \$10 is being charged for the Ripley Old Farmers Picnic. This is simply absurd. A number of the Ripley people have voluntarily subscribed up to \$10 each to make possible this event and make it free for all who wish to enjoy their invitation. The only possible way you may contribute will be at the Sunday silver collection, the purchase of a "Welcome to Ripley" badge and by patronizing the refreshment booth, but none of the above is compulsory.

Dr. Wyman has kindly consented to do this and the people of the district will have another opportunity of listening to the Doctor's messages on Sunday. The service at Alix will be at 11 a. m. and at Ripley at 3 p. m. There will be special music at both services and a very cordial invitation is extended to everyone to attend the services.

The Twenty-Five Year Anniversary Commemorated At Ripley

To say that the Ripley Old-Timers twenty-five year commemorative exercises was an unequalled success is indeed putting it very tame. Both the Sunday service and Monday picnic were attended by large crowds and the management is to be congratulated on the smooth manner in which the several programs were run through. The weather for both days was ideal and as a result the large assemblages were in a humor to enjoy each and every item.

The school, at which the Sunday service was held, had been decorated with boughs and flags and a balcony erected for the speakers and the choir.

Rev. Harden, pastor of this circuit, was chairman and announced the various numbers on the program. The first portion of the afternoon was given over to choir selections, a duet, a quartette and address.

Mr. Wallace of Alix, after thanking the management for affording him the courtesy as a newcomer, of saying a few words, spoke on the young people question, exhorting the organizations working for the betterment of conditions for our boys and girls and urging parents to do their part in fostering these groups. The speaker talks from the shoulder and has the faculty of holding his audience.

Rev. G. Driver of Calgary was the next speaker and he devoted his time to reminiscences of his student days in the Buffalo Lake district 25 years ago.

Rev. Dr. Wyllie is a quiet, yet commanding speaker, holding his audience in the closest of attention. He made further reference to his student days of a quarter of a century ago, when he held services in the Estell home, and it was during his ministry that the Ripley school was utilized for church purposes, and he paid tribute to the old-timers who had laid the foundation for the religious life of the community. The Dr. is pastor of Regenta Park Church, Winnipeg.

The Memorial service was conducted by Rev. Wyman, who also unveiled and read the list of the deceased, while the Alix choir sang that beautiful hymn "Face to Face" and Mrs. M. Olson sang in her pleasing manner "And He Walked With Me, And He Talked With Me."

Monday at the new Mirror beach at Buffalo Lake was a real feast intellectually. From the platform, over which Mrs. R. W. Barritt presided, addresses were delivered by eminent men, including Donald Cameron, Provincial member for Inland; E. J. Garland, Federal member of Bow River; Rev. Dr. Powell and Inspector Tibbaut.

Soloists were rendered by Mrs. J. Waterman of Clive and Miss Caroline Marsh of Edmonton together with orchestra selections. The day closed following a good program of sports.

A pleasing feature of the afternoon was the presentation of bouquets to Mrs. John Heriman as the oldest old timer in the district aged 84 years; to Mrs. T. W. Barritt as the oldest settler in the district, and to Mrs. Henry Curran as the first child born in the district.

The management wish through our columns to thank all those who in any way contributed to the program, thereby helping to make both days a success.

Farmers' Week At Experimental Station, Lacombe

Monday, Tuesday, Wednesday and Thursday, Aug. 20 to 23, a 4-day course of lectures and practical demonstrations on live stock, field crops, poultry, horticulture and bookkeeping will be given at the Dominion Experimental Station, Lacombe. Experts, prominent in each line of work from the University at Edmonton, the Provincial Department of Agriculture, Canadian Pacific Railway Department of Natural Resources and the Dominion Live Stock Branch will assist the staff of the Experimental Station. Evening addresses will be given by prominent speakers. A full programme will appear in this paper next week.

Co-operation Rather Than Discord

It has been one of Canada's greatest misfortune that personalities should enter into rivalry and competition in the various fields of the country's life. It is a pity that the people of this country should be divided by the spirit of discord. It is a pity that the people of this country should be divided by the spirit of discord. It is a pity that the people of this country should be divided by the spirit of discord.

Throughout his long career in public and private life, Mr. W. L. Murray has been a man of peace and harmony. He has been a man of peace and harmony. He has been a man of peace and harmony. He has been a man of peace and harmony. He has been a man of peace and harmony.

Mr. Murray's attitude is a shining light to the writers of the country. He has been a man of peace and harmony. He has been a man of peace and harmony. He has been a man of peace and harmony. He has been a man of peace and harmony. He has been a man of peace and harmony.

The unfortunate fact remains that the people of a Province or Community are started up and divided upon racial or religious lines for partisan political purposes, or for other reasons, has been a common occurrence in the history of this country. It is a pity that the people of this country should be divided by the spirit of discord.

Not only are these misapprehensions destructive of a real national spirit, but they also tend to weaken the power of the government, and to weaken the power of the government. It is a pity that the people of this country should be divided by the spirit of discord.

Learning From Canada and United States

Lecture On Bee Keeping At "Hudson Farm" Much Enjoyed

An interesting and instructive lecture on "Bees" was given on Saturday last by Mr. Peter Jamieson at "Hudson Farm". The lecture opened with a description and duties of the inmates of the hive. The Queen, the pre-eminent and distinguished above all others, we learned just to shame all our ordinary egg producers on the farm, be they Loghorns, Rocks or Wyandotters, for she can in the hours that make a day and a night lay 3,000 eggs.

The Workers, guardians of the hive, nurses of the young, born house keepers, who see their home is always in apple order and safe from intruders, gatherers of honey, in appraise order and safe from intruders, gatherers of honey, to them. They arrest our neighbor's honey crop for us. They work without a wage and so hard, that their place of incessant toil brings them to the end of their week and is taken by the younger members of the hive.

The Drone, the big noisy male of the hive, who cannot gather stores, himself fatidic, but may be destined to be the father of countless thousands, we now know to treat with contempt for he is doing nothing.

The cost of hives and fittings was told to us, and while a handy man could construct his own hive at little cost, the standard 10 frame hive complete with wired foundation and one super, with 32 sections ready for bees will cost \$12 and a 3 lb. package of bees with queen could be purchased for \$6.

In demonstrating the use of the veil and smoker, we saw how protected we were from results of our carelessness in rough handling of the bees. With well discarded hands and arms bare, Mr. Jamieson held up for our close inspection frames of bees, showing us the brood in their different stages of life, and although he was crawling over the arms of our lecturer they made no attempt to sting and we were confident that with a little practice we also could handle bees as freely.

We saw supers just taken from the bees with the sections filled with honey. One hive alone produced 120 one pound sections, while another colony just started in June had already, in addition to filling frames in their brood chamber for their winter supplies, gathered 60 one pound sections of surplus honey.

At the close of the demonstration Mrs. Jamieson, president of the local U. F. W. A., served tea. The ladies of the U. F. W. A., under whose auspices the demonstration was given, were delighted with their afternoon's outing which they thoroughly enjoyed from beginning to end.

Wheat Carry Over Less Than Last Year

The Alberta Wheat Pool has issued the following statement with reference to removing concerning the organization which has been circulating in many newspapers for the past few weeks:

"Statements emanating from various sources to the effect that the Wheat Pool has an enormous carry-over from the 1937 crop and is a 'thin flake' because of the large volume of new crop to be delivered within the next few months are ridiculously inaccurate. Neither is the Wheat Pool thinking of running to cover under the protecting wing of any Government.

The estimates of the Wheat Pool carry-over have been placed in certain newspapers as that of anything up to 70,000,000 bushels. An owner of the wheat that carry-over this year will not be any larger than that of last year and possibly less.

It is true that the Wheat Pool has a carry-over this year, but such ridiculous estimates as that of 70,000,000 bushels which was recently issued from Winnipeg to Chicago are entirely uncalled for and do a great deal of damage. As a matter of fact the crop may not exceed that of last year and outrageous estimates only tend to lower prices.

The pool handled last year crop despite of the damaged condition of a large percentage of it, in a sensible and efficient manner.

The reader is informed that the wheat pool is not a charitable organization and is not a trust. It is a corporation organized under the laws of the Province of Alberta, and is not a charitable organization and is not a trust. It is a corporation organized under the laws of the Province of Alberta, and is not a charitable organization and is not a trust.

The Women Of The West

The red sun robs their beauty, and in weariness and pain, The slow years steal the nameless grace which never comes again;

And there are hours man cannot sooth and words men cannot say,

The nearest woman's face may be a hundred miles away.

The wide bush holds the secrets of their longing & desires, When the white stars in reverent light their holy altar fire.

And silence, like a touch of God, sinks deep into the breast.

Pernance he hears and understands the women of the West.

MAKING A RECORD IN LOADING GRAIN

The machine with which grain was loaded at the rate of 100 bushels per minute, was the first of its kind in the world. It was designed and built by the Canadian National Railway, and it was the first of its kind in the world. A man who had been

suddenly to have his life insured,
and applied for a policy. The

the applicant heard of the
matter for a time. Meeting his
friend, the agent, on the
street he said: "Boy, George,
have about that life insurance
policy of mine, do I get it?"

"Well," said the agent,
"you know, in my company,
it is the custom of the doctor
after he examines an appli-

human body and punch a
pin in the body wherever he
found anything wrong."

"Oh, in that case, George,
Did the doctor do that in my

"No, sir, he did, and he took
the chart home and ran it
through his player piano, and
it played 'I Hear The Angels
Calling Me.'"

We Are Going Ahead

Eighty-seven countries increased their tariffs since the war. Our country has lowered its tariff—Canada.

Canada has made greater commercial and industrial progress than any other country since the close of the war. No other country even approaches it in prosperity today.

The employment situation is more favorable than ever before. The index number of employment on July 1st stood at 116.3 as compared 108.4 in 1927, 103.7 in 1926 and 96.8 in 1925. The employment index is moving up in Canada—in the United States it is moving down.

The annual report of the Canadian National Railways for 1927 mentions the fact that during the year 103 con-

Council Holds Regular Meeting

The regular monthly meeting of the village council was held on Monday evening last. The secretary stated that a representative of the Calgary Power Co. had called and requested the council to submit a plan noting the positions of the street lamp. It was decided the council as a body would go over the streets and pick out locations that would suit the greatest number of people.

The matter of parking cars on our Main street was brought to the notice of the council, requesting that car owners be asked to hang up their bus in the centre of the street. The council agreed therewith and accordingly passed a motion to that effect.

Mr. H. Sheppard was appointed village police for the balance of the year at a \$10 a month salary.

The application of Mr. O. Siddons for approval of his restaurant license was granted.

On request the council passed their approval of the new Garage being put up by Mr. Jennings.

On motion Dr. Warren was appointed as Medical Health Officer.

The secretary was authorized to complete the transfer of the lots recently purchased by the R. C. Church and the Garage.

It was decided to follow up the custom of donating shields for the best kept street and the nearest property and Mr. L. Sweet was again requested to act as judge.

A number of accounts were passed for payment and the meeting then adjourned.

This Week's Tees Tattlings

Mr. and Mrs. Ted Brown, Mrs. Brown St. with her son Gerald, motored from Calgary on Sept. 1st to spend the week with Mr. and Mrs. Harry Dawson. On Sunday they dined at the Fry home, then took a run out to Jack Sumpter's, had an enjoyable hour looking around the farm, listening to the gramophone and eating delicious cow pastries. Jack must certainly work early and late to have his home in such apple-pie order, good for you Jack. In the evening they, aided Mr. John Craik and then back to Tees. Monday they said hello to their numerous friends, lunched with the Dawsons and then returned to Calgary. They were driving a Pontiac.

Marion Ahearn was a visitor to Lacombe on Labor Day her parents motoring to her as Clive.

During Monday's storm, lightning struck one of F. Hoffman's barns which was burned to the ground.

Mr. and Mrs. Raymond Heath took in the radio show at Lacombe on Tuesday evening.

Mac McMillan spent Wednesday in Lacombe.

On Tuesday a team belonging to Mr. Carson saw away, doing considerable damage to the vehicle.

A good foundation has been built and the floor is being laid by Mr. Willie Wallace of Alix for Raymond Heath's new house.

Lighting To Come In From The North

Catering to the wants of the towns in this neighborhood, we understand The Calgary Power Co. will install at Bashaw, where they own a property, a large electric light plant from which they will supply Alix, Mirror and Bashaw this fall. Owing to scarcity of material it will be impossible to connect up with the Bell River hydro line until next year and knowing how badly we need the light they are making this temporary arrangement. We are told that the Bashaw plant will be permanent, to be used as a safety unit. The line is now being surveyed south from Bashaw and construction will be pushed through with the prospect of first of November service.

W. L. Conference Well Attended

The Women's Institute Conference of the Lacombe and Ponoka Constituencies held in Mirror on Wednesday of this week proved a most interesting and enjoyable social gathering. Mrs. C. M. Yarwood, district convener, presiding over the sessions.

This year's attendance was the largest in the history of this conference and the ladies of Mirror did everything possible to entertain the visitors.

The reading of the reports from the branches showed that the work is progressing in all localities. The program was pleasing, the musical portion being presided over by Madam J. Borum and G. A. Thompson.

On the selection of officers, Mrs. Yarwood, three years convener, declined re-election and the honor has been passed on to Mrs. Odling of Mirror with Mrs. Andrews of Alix as secretary.

One pleasing feature of the afternoon was the presentation of a beautiful bouquet of gladioli to Mrs. Yarwood.

Auto Fatality Costs Gloom Over Alix and District

A most distressing accident and one which cast gloom over our entire district, occurred on the highway about four and a half miles north of town Thursday evening of last week, in which Douglas Gerald Puffer of Alix, youngest son of Mr. W. F. Puffer of Lacombe, was killed when his car striking a rut, turned turtle. Death was instantaneous, the neck and back being broken and the skull crushed in.

Douglas was a promising young man of twenty-four years, being employed by J. R. Macle in the stock business. In addition to his wife and daughter, his parents and three sisters and three brothers are left to mourn, to whom we extend our deepest sympathy.

The funeral was held on Sunday, the cortege leaving Alix at 12.30 for Lacombe where services were conducted by Rev. Harden in the United Church. The pallbearers were his three brothers, Percy G., Lloyd W. and Stanley A. J. R. and W. S. Macle and Morley Dohm.

The flowers were beautiful and showed the esteem in which the deceased was held.

Aims To Benefit The Young

Some questions have been asked with reference to the operation of the new club room at the United Church, some want to know whether it is confined to members of that church, and others whether it is merely for religious purposes. The management wish it to be distinctly understood that the use of the room will be open to all young people of the Alix district irrespective of church affiliation. It will be interdenominational in character, but not interdenominational. Membership in the C. G. I. T. and C. S. E. T. groups will of course be confined to those who have an interest in and attend some church and on Sunday School. Neither C. G. I. T. or C. S. E. T. are clubs in themselves but represent pro-

gress as it might affect his de-
motional, and so with his
mental and social life, hence
the necessity for physical,
mental, social and devotional
training, so that on all four
he may fill the measure full of
service, remembering always
that life is not a goblet to be
drained, but a measure to be
filled.

The new club room will be
opened formally by a banquet
on Friday the 5th October to
which an urgent invitation is
extended to every boy and
girl between the ages of 12
and 18 years, all young people
over 18, and to all men
and women in the district.

Two Cottages For This District

With a view of putting into
effect the agreement between
the C. P. R. and the British
Government, namely to erect
100 cottages in the Prairie
Provinces for the housing of
British families, Messrs. J.
Miller and W. T. Whitlaw
of the C. P. R. Department
of Colonization, Edmonton,
on their visit to Alix this
week, picked out two sites,
one which to build.

The cottages will be located
on farms the owner of which
is required to give a lease of
two acres for a number of
years; they will be well con-
structed with three rooms
on the ground floor and an
upstairs and will be partially
furnished.

Passion From Service

Completing the required
number of years' service in
the employ of the C. N. R.,
Dad Mason has been passion-
ed off and with his good wife
will leave in a few days to
reside at Calgary. Dad has
spent the past few years as
pump man at the tank on
Troos siding out of town.
We trust this worthy couple
will live long to enjoy the
reward for a long and faithful
service with the railway.

A Question To Be Answered

The next regular meeting
of the Women's Institute will
be held on Thursday October
4th, and Mr. B. R. Wallace

Special "Baby Day" Service

Special service at 11 a.m.
will be a session of the regular
morning services on the Thur-
sday School, for which a special
program has been prepared.
You are urged to attend.

Why Russia Imported Wheat

Late Harvest and Droughted Grow
In Grain As Reason

The fact that Soviet Russia recently has been importing wheat was admitted at Moscow by A. Milhor

Mihovyan said because of the harvest and depleted reserves, government has been unable to supply seeds to the districts where wheat crop was a partial failure. The government, therefore, pur-

270,000 tons ahead, of which 70 per cent. already had arrived and balance was expected before the end of this month. Despite the success for importing wheat, Milhoyan said he expected the crop to exceed last year's.

Let's Boost the Young
People's Walk

In this age, when the ten-
dency of business is rush and
hurry, we have unwittingly
transmitted to our offspring
a highly strung, nervous,
sensitive nature that needs
constant activity and wants
to be "on the go" all the time.
Sometime this will develop in
one way, and sometimes in
another. The great need
however is that these restless
desires for activity be properly
guided and trained in
channels where the young life
may become four square.

If a garden is not cultivated
it will produce weeds, so if
a young life is not cultivated
it will deteriorate. Hence the
creation of programs which
tend to the development of
the mental, physical, devo-
tional and social life of our
boys and girls, and to this
end the United Church has
set apart a portion of the
church building. The move-
ment is not one that can be
carried out by a few but must
have the backing of every
citizen in the community.

Many towns lack leadership
in movements of this sort,
but leadership in Alix has
already been secured and ev-
erything points to success.
Leadership of time and thought,
and those who are ready to make
the sacrifice of time and thought,
the sacrifice will do something
that will give a greater and more
lasting pleasure than anything
before either accomplished or
attempted.

We have the boys and girls
and we have the leaders, so nothing
remains but for every citizen in
Alix district to become a booster
and help to build four-square
living.

The new club room will be op-
ened by a banquet on the even-
ing of Friday, October 26th, at
7:30 p.m.

Appreciated by Alix Indian,
and that the proceeds are for the
four square cause, so feel that
there should be a record attendance.

Several outstanding speakers
will be present, including Gordon
Lays, the Provincial Boys Work
Secretary, and a good program
of music will be provided. Be-
mark down Friday, October 26th
at 7:30 as your very important
engagement.

Sleep becomes a virtuous habit when carried to excess, said Dr. H. H. Johnson, "sleep expert" at the University of Pittsburgh. Most people, Johnson believes, get sufficient rest in the course of six and a half to nine hours to carry them through the day and make their work enjoyable.

activities. Dr. Johnson studied 80 pa-
tients of both sexes ranging in age
from 18 to 68 years in an attempt
to discover the secrets of sleep. Wo-
men are less restless than men as
a rule, he finds, and spend more time
in bed. Persons engaged in mental
activity during the day, sleep less

When your

Children Cry for It

They have little sports at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced parent would do—what most physicians would tell you to do—give a few drops of **Wash's Castoria**. No matter how often **Wash's** is needed; rolled in just a mother's

child without use of a single synthetic drug. Cornelia is vegetable. He it's said is two or three on the infant list; very little pain you cannot get easily. And it's always ready for the creation, usage of salt, or composition, or otherwise; effective, too, for adult children. Twenty-five million bottles were bought last year.

McCormick And Her Gang

Written in the Provincial Hospital, Edmonton by Lawrence Pettet and Glen Ross

Through all the wide great fields, Way out in the west, There's a little threatening machine I know it's the best! She's a rip bang snorter, From her engine to her crew, The way she cuts the bundle up Would make a bog turn blue. The engine she goes like a top And a ver stops for breath. For who is it that runs the engine, But Engineer Bob! Yes, Bob Walker is the engineer, And though he's tall and thin, He can keep that engine running And make old Maggie spin. You, Charlie, in the separator man And be surely has some brains; He walks around in the woods And squirts oil in the gears. Yes, Charlie he's the boss, He works out all the schemes; I've seen lots of worms in my time And some who are more mean. Then comes Stanley Hunter, He's as good as any of the rest But when he comes from breakfast He has egg smeared on his vest. Howard Walker is not slow, He is always there on time,

If he's not there at 7 o'clock He is always there at nine. Then come young Dale Walker, He wipes his specs, says I allow They work me here, then groans, As if I was a cow. Next comes Marquis Cloughy, In the sun he nertsy frim, And on the outfit drives a team That belongs to Farmer Cy. Next comes tall Lily Walker, He never needs no road. Even though he is a little short To pitch upon a load. Then it's Dennis Hurty, He is a regular bundle player, And as well as pitching bundles He is also a 5/4ds player. John is only a step behind, He never was known to be false; And as he steps into the field He always tries a waltz. He that completes all the gang, And may his old song hum And we all boys old Maggie Has many a long year run. So now our song is over And we can write no more, And if you dispute this outfit I think there will be a war.

Baby Casey And The Gang

Oh, we stand in a straight line
Come shake us by the hand.
First, Charlie Rogers he's the boy
With the ten by twenty neck;
He heaped up untold loads
Laid a full grown clover sick.

Then Johnny McLean, handsome lad
Pitche-bundles swift as light,
While Norman Todd, the nasty thing
Said as you, he's work all night.

Clark Walker, gosh he's a baby lad,
Got muscles strong as steel;
The way he chuckles those bundles in
Just makes my sense reel.

Oscar Toepfer, strong as a study oak
Handles bundles fast as light,
And then there's a, go, go, go, oh go
What of me I can say.

Leonard Bulmer in our spare,
He doesn't even smoke or swear,
But on the other hand you see,
He's just like me, he drinks cold tea.

P. S.—Puzzle it out why did I say "cold tea."

1929 International Oratorical Contest

Announcement is made that Alberta school students in Grades IX, X, XI and XII, whether in high school or public school continuation classes, will take part in the International Oratorical Contest (Alberta Division) in 1929. Alberta students first entered in the International Oratorical Contest last winter and Miss Margaret Kinney of Edmonton was the winner. She was sent down to Toronto for the Canadian finals where she made a splendid impression. More than three hundred schools took part in the preliminary competitions in the last contest and it is expected that more than five hundred will take part in the preliminaries for 1929.

The winners in the individual schools must be determined on or by December 15th. The district winners on or by February 15th. The fourteen district winners in Northern Alberta will meet in Edmonton during Easter week and the fourteen in Southern Alberta will meet in Calgary the same week. The finals will take place in Edmonton a little later and in May the winner will be sent to Toronto for the Canadian championship.

The expenses of the district winners, who are to go to Edmonton or to Calgary, are paid by the sponsors of the contest in Alberta. The winners also receive a \$10 gold piece. The winner in the Alberta finals receives \$200 and a free trip to Toronto and a chaperone, if a girl, and the runner up in Alberta receives \$50. Each school, producing a winner, is given two recommended books.

The contest is sponsored in Southern Alberta by the Calgary Herald and in Northern Alberta by the Edmonton Journal. Roughly speaking, Lacombe is the dividing line between these sections.

There are no formalities connected with students entering except that the coupon must be filled in and sent to the Journal or the Herald.

For the 1929 contest, four subjects are permitted the students, instead of one in the last contest:

Canada among the Nations
The unification of Canada
The peoples of Canada
Canada's economic problem

Tuxis Tickles

There was a good attend-
ance at the Tuxis meeting
last Monday evening when
Gordon Wilton was selected
to carry the Alix banner at
the forthcoming election for
the Boy's Parliament. It is
expected that Gordon will
carry one of the two seats for
this constituency and will
have the pleasure of visiting
Calgary during the Christ-
mas holidays. Good luck to
you Gordon.

It is rumored that the
Tuxis Girls are having a
debate on the subject: "Re-
served that powder and paint
mar the beauty of young
ladies." No. This is a private
debate, girls are not allowed,
though some of the boys
wanted to bring along ex-
hibits.

The program committee is
planning something new for
the night and from the ar-
rangement outlined last Tu-
esday, interesting times are
expected.

The Tuxis fellows seem to
think that it is time to have
another feed. What about it?
They would like us to.

Our worthy scripper had a
date last Monday after the
meeting, but the threat of the
fellowship think it was stifled.

Some one accused a mem-
ber of the square of having
his hair marcelled, but he says
it just grew up that way.

Tees Tatlings

A number of people from
here took the trip to Nebras-
ka school house on the 15th
to take in the beautiful views
of the Columbia River, Mad-
cap Bridge and the ever witty
Charles Chaplin. A lot of
useful garments were on sale
and lunch was served which
ended the happy proceedings.

Mr. and Mrs. P. A. Heath
have had the north side of
their house reborn and it is
more cozy for winter.
Mr. K. D. McDougall and
family are now in residence
at L. A. Wing.

Cyril Colebrook and Robert
Ahorn are having wood this
week.

Mr. and Mrs. Papineau on
Tuesday were Cive visitors in
the auto which was purchas-
ed from Douglas McMillan.

Table and chairs to furnish
the community hall are here.
T. A. Cunningham and
daughter Glad are visiting at
Bowden this week.

Sorrow and gloom has been
cast upon Tees and district
by the death of Dorothy, only
child of Mr. and Mrs. L. W.
McDowell, aged 3 years and
4 months. During the short
residence Dorothy had en-
deared herself to many and
will be greatly missed. Much
sympathy is felt for the par-
ents in their great loss.

Weep not for me, mammy,
daddy dear,
I am not dead, but sleeping
here;
My times are short, my pain
is less,
I am gone from here to hap-
piness.

The funeral was held in
Lacombe on Wednesday.

Tomorrow is the big harvest and sale being put on by the ladies of the United Church (Saturday).

We would remind you that, Christmas is not very far away, and that all of our merchants are endeavoring to cater for this holiday business by putting in gift stocks that have not been equalled heretofore. There is no need for you to take the chance of sending away when such a superb choice is at hand for your inspection. At any rate, look over their offerings before you pass them up.

The Legion Hall has already been wired in preparation for the installation of electric lighting when the jule is turned on in a couple of weeks.

Monday night we had our first little real touch of winter, a light snow flurry and a cloudy Tuesday.

We would again call your attention to our fine samples of Private Christmas Cards and urge upon you the necessity of ordering early; come in and look them over.

Alberta Wheat Pool Data

The Alberta Wheat Pool handled a total of 217,816,441 bushels of wheat during the first five year contract period with a gross turnover of \$278,350,411, according to the report of D. D. Purdy, manager, presented to the annual delegates' meeting being held in Calgary this week.

It was further stated that second series contracts covering 4,074,771 acres had been signed at October 1st, 1928, which accounts for a 2,226 greater than the sign-up of the first series contracts.

The average acreage per contract under the second series is 116 as compared to 95 acre under the first series.

During the past six months over 1200 contracts have been received which is by far a greater number than during any similar period of the operations of the Wheat Pool.

During the crop year 1927-28 the Alberta Wheat Pool handled 71,116,189 bushels of which 48,081,507 bushels, or 67%, were shipped to the Pacific coast and the balance east.

Administration costs of the Alberta Pool during the past year were approximately 7.50 of a cent per bushel.

The elevator and commercial reserve funds together now total \$5,400,000.

The records of these reserves are handled by the Growers' Department and in consultation with this world \$300 accounts of growers are lowered.

During the past year over 508,000 pieces of mail were handled, being an average of 1650 pieces for each working day.

Date Set For Fairs Convention

The Calgary Herald's Sunshine Fund

The Sunshine Fund organized by the Calgary Herald in 1912, may be described as a romance in philanthropy. Year by year the total amount subscribed by generous contributors has increased and with the augmentation of the fund the opportunities to assist the poor and deserving have developed in like proportion. More than 450 Christmas banners were given away in 1927, while relief work has been carried on steadily throughout the present year. Every case of relief is checked up to establish its genuineness and to prevent imposition.

A feature of the expansion of the Sunshine Fund in recent years has been the support it has received from rural districts. In 1925 outside points to the number of 98 contributed 13 per cent of the fund. Last year 113 points outside Calgary subscribed the sum of \$1,771.25 out of a grand total of \$15,101.22, the record to date. The total amount subscribed in 1927 by all contributors was \$2,054.

Generous assistance is given at this Free Press office to all those in the country districts deserving of help. Large parcels of clothing are shipped to many points. It is reciprocity in a fine cause.

"Wild Geese"

The next picture to be
shown in Legion Hall, Tues-
day, December 18th "Wild
Geese" is taken from the
novel of that name written by
a Finland girl living in
Minnesota. The book has a
wide sale and is very popular,
being the life story of a young
girl driven desperate by a
man devoid of human feeling,
she broke the bonds, only to
be overpowered and made a
prisoner. A great book, now
a greater picture.

British Industries Fair

Increasing Interest is Evincing in
Exhibit To Be Held In London
and Birmingham

The British Government announces that the fifteenth international
Fair will be held simultaneously in
London and Birmingham from
15th February to the 1st March, 1930,
this time.

The ever increasing growth of
the Fair has necessitated the acquisition
of further buildings at the White
Hall site to accommodate the
varied character of exhibits.

Little Help For This Week

"I have learned in whatever state
I am, therein to be content." —
Philippians iv. 11.

Not those that are contented.
However things do befall,
Much anguish is prevented,
And peace is ever nigh.

Birmingham surroundings of heating strength have been constructed to meet the insistent demands for power. In this section alone over 600,000 tons of steel are available for the display of manufactured products.

In the fifteen years of its existence the Fair has developed to such an extent that it is now claimed as one of

"The fountains of content must spring up in the mind; and she who has so little knowledge of human nature as to seek happiness by changing

"And they have risen from their place
 They found all their labors
 With much facility;
 Their joy in trouble shared
 Of perfect safety."

—Anne Collier.

performs the still further function of heating the south surfaces of charged particles by absorbing the energy of the incident wave. The steady or r.m.s. in this signal, at times, is 100 times as large as the r.m.s. of the wave. The function of the antenna is largely to convert the energy of the incident wave into one of heating the free particles in the plasma. The antenna is also used for heating and trapping signals, and for heating and trapping of ions. Thus something is the case of the antenna.

Tuxis Tickles

The District Returning Officer has declared George Gidding of Miror and Gordon Wilson of Alix elected as members of the Boys' Parliament. The Parliament will meet in Calgary between Christmas and New Year and the winning class will be well worth while. The first contest gave Kinsmen of Bellefleur 18, Olding 23 and Wilson 28, while the second contest gave Gidding 21 and Wilson 21, Olding getting the majority of Kinsmen's members.

Monday night promises to be a big night when the boys are planning a supper before the last of the year for his Christmas holidays.

Last Monday Mr. Wilson gave the group a few pointers on Public speaking instead of having a regular meeting moment but brilliant control, knowledge of subject and personal belief in the subject.

The discussion next Monday will be "A Boy's Heroism" a continuation of Youth's Bureau. The discussion will be led by two of the boys.

WHILE there is little reason to regret that the passing of the year has been marked with a few days of celebrations, the time has not been lost at all. In fact, it has been a time when the world has been united in a common purpose. We have seen the people of the world working together to make the world a better place. Nineteen Twenty-Nine

Ring out the old
Ring in the new.

WHILE there is bound to be a natural regret
that the passing of the old year finds most
of us with a lot of uncompleted plans and unfulfilled
ambitions, there also comes a pleasant consolation
that our labors and endeavors have not been
entirely unrewarded. We are richer by the experience
—perhaps a bit more broad-minded—perhaps a little
wiser. It seems such a short time since last New
Year's Day when we started out with high hopes
and ambitions and now another New Year's Day is
almost upon us.

Life is so full of pleasant tasks and friendly
associations, the duties of the day come so thick and
fast, the opportunities for service and helpfulness
are so many that the days slip rapidly past and be-
fore we have realized it the relations wheel of time
has completed another revolution.

We are glad that another New Year has ar-
rived. It gives us the opportunity to express our
appreciation for the kindness of our many friends
and wishing for them health and happiness through-
out the incoming year.

Two of the contents put on

Credit is due to Mesdames T. Cunningham and A. Bawyer for the splendid program that was carried out at the Christmas tree. The drills were very pretty and were enjoyed. The ten little bigger boys around much laughter and Mrs. Jennie Davies rendered an Xmas hymn and was encored. Santa Claus was received with applause and the very generous in gifts from the well supplied tree. The proceedings ended with a verse of "God Save The King."

Mr. and Mrs. Vanmeer and family went to Saskatoon to spend Xmas with friends.

Our school teachers went to their respective homes for the Christmas holidays.

Mr. Gerald Fry came up to spend Christmas with his parents here.

Rev. Hughson conducted service in the United church on Sunday last. Service will be held every two weeks hereafter at 11 a. m.

Mr. Dan McMillan and family spent Christmas Day at the Joslin home in Lacombe.

The Lewson families spent the 25th at Fred Allison's in Cliva.

On the 26th Mr. and Mrs. John Moore left for their home in the States.

Little Baby Called Away

The angel of death entered the home of Mr. and Mrs. S. Whitfield on Wednesday morning and took away their fifteen-month-old baby girl, Pauline, of the twins. The little one had been sick but had apparently recovered and was full of life when put to bed Tuesday evening, but death followed a convulsion. The little form was laid away in Ahx cemetery on Thursday. We join in extending sympathy to the bereaved parents. "Jesus said: Suffer the little children to come unto Me, for of such is the Kingdom of Heaven."

"Sunny Alberta"

The extreme mildness of our winter weather was brought more forcibly to our notice when we received a report from Peter Jamieson that the box in his spairy at "Rodono Farm" were flying freely on 23rd December. We do not think any other of our Prairie Provinces could report that their honey bees were out for a flight on Christmas week, and claim this fact is just another point that justifies our name of "Sunny Alberta."

Gordon Wilton went to Calgary on Tuesday where he will take his seat at the sittings of the Boys' Parliament.

Died In England

A message this week from England chronicled the death of Miss S. A. Bateman, sister of Mrs. J. C. Palmer and Miss K. Bateman of Ahx. She had gone back to the old country for the winter and intended returning soon after Christmas. Deceased had a large number of friends in our town and district who will regret to learn of her demise. Following in the footsteps of the Master whom she served, she went about doing good, tending the sick and suffering which endeared her to every one with whom she came into contact.

Through science and invention we are banishing the drudgery of existence.
